Why Buy Your Bulbs From CONLEY'S?

of actually planting, digging, caring for them through their growing season and storage time, watching them grow and flower in good season and bad. Constantly we are studying and testing new varieties and learning of their behavior in the gardens of our customers the country over so that we may bring you the best possible selection. This knowledge coupled with our determination to treat you honestly and fairly and to give you the best possible bulbs, correctly named and properly graded, at the lowest prices possible for this quality, is what we offer you. We hope that we may have the opportunity of helping you beautify your spring garden.

Because we know bulbs. We have the knowledge gained by almost 25 years of living with the spring flowering bulbs—
THE CONLEYS

TERMS: This catalog cancels all previous prices. No orders accepted after December 1, except for Anemones and Ranunculi, if unsold, these are available until April 1. Daffodils that are quoted by "Each" will not be available after November 1—they deserve early planting. Please do not order less than six of a variety unless an "Each" or "3" price is given.

No C.O.D. orders please. If you are not satisfied with the bulbs send them back and we will promptly refund your money.

All bulbs guaranteed true to name. The filling of your order will be simplified if you use the order blank. If a letter accompanies the order please use a separate sheet.

Daffodils for MASS PLANTING

CONLEY'S CHOICE MIXED NARCISSI—DAFFODILS

This is a splendid assortment of all the different types of daffodils and narcissi. It includes a number of the giant trumpet types like King Alfred. The medium cup Incomparabilis, Leedsii, and Barrii types are present in a great many forms and combinations of yellow, white and orange-red. The smaller types are represented by the delightfully fragrant jonquils, true poet's narcissi and cluster-flowered poetaz narcissi. Add to all these some doubles and representatives of the lesser known types and you have the contents of this grand mixture. A good planting of this choice mixture is a permanent investment in gardening pleasure. It will increase in beauty from year to year. The flowering time spreads over many weeks in the early spring. The assortment is ideal for planting in woodland or along streams and in borders or beds. It will provide quantities of beautiful cutflowers.

DOUBLE NOSE BULBS

25 for \$ 2.00
100 for \$ 7.50
250 for \$17.50
1000 for \$67.50

Each bulb will produce at least two blooms the first season.

ROUND BULBS

35 for \$ 2.00
100 for \$ 5.00
250 for \$12.00
1000 for \$45.00

Each bulb will produce at least one bloom the first season

Conley's DOZEN DAFFODIL COLLECTION

Are you acquainted with the different types of narcissi-daffodils? Here is an opportunity to obtain twelve varieties in a collection which contains one variety from each of the twelve main classes into which daffodils are divided. By growing them in your own garden you will have an opportunity to know each type's distinctive beauty and fragrance. These are all easily grown, dependable kinds and the combination is priced at a considerable reduction from our already low prices.

During the past few years we have filled thousands of orders for Conley's Dozen Daffodil Collection and many customers have written to tell us of the great pleasure they have derived from it. We do not believe that there has been one complaint regarding the bulbs. New varieties have been added this year and the collection is better than ever before.

1. **KING ALFRED.** Large Yellow Trumpet Daffodil.
2. **MRS. E. H. KRELAGE.** Large White Trumpet Daffodil.
3. **HELIOS.** Incomparabilis, all yellow.
4. **FRANCISCA DRAKE.** Incomparabilis, white and orange-red.
5. **BATH'S FLAME.** Barrii, white, yellow cup edged orange-scarlet.
6. **DIANA KASNER.** Barrii, white, yellow cup edged red.
7. **SILVER STAR.** Large Cup Leedsii, creamy-white.
8. **HERA.** Pure white Small Cup Leedsii.
9. **ODORUS CAMPERNELLI.** Golden yellow single Jonquil.
10. **ELVIRA.** Poetaz, cluster-flowering, white, yellow cup edged orange.
11. **ACTAEA.** Poeticus, pure white with red cup.
12. **THE PEARL.** Creamy white double.

3 each (36 bulbs) \$5.00
6 each (72 bulbs) \$9.80

12 each (144 bulbs) \$19.35
25 each (300 bulbs) \$37.25

100 each (1200 bulbs) \$143.50

Daffodil Planting Stock

Some of the daffodils increase so rapidly that our stocks are becoming too large for the space available. Consequently we are offering planting stock of these varieties to our customers. By the fact that these kinds have increased so rapidly

you can be sure that they are strong, vigorous sorts and that these smaller bulbs will quickly grow into large bulbs that will make a grand showing for you. A large portion of the bulbs will flower the first season. All should bloom the second

season and some with two or three flowers. The bulb size varies considerably but there will be somewhere between 10 and 20 bulbs in a pound. These bulbs should be planted early in the fall. No planting stock after September 15th.

Conley's Choice Mixed and These Varieties: BATH'S FLAME — HELIOS — DIANA KASNER — THE PEARL

15 POUNDS FOR \$5.00 — 35 POUNDS \$10.00 — 100 POUNDS \$25.00

Shipped at purchaser's expense. If by parcel post, please add postage.

King Alfred == Still Reigns Supreme

This is the standard by which all other daffodils are judged. And because it has everything a good daffodil should have it is grown more than all other daffodils together. Hundreds of acres—millions of bulbs are grown in the Northwest to supply the country wide demand for bulbs and cut flowers.

The rich golden flowers are of good size and the stems tall and strong, holding the blossoms erect in almost any weather. The substance is so good that the flowers are very long lasting either in the garden or when cut. The large smooth firm bulbs are disease resistant and increase rapidly. We grow many acres of this variety and this gives us an opportunity to carefully choose the select bulbs we ship to you. We doubt if you can get better King Alfred bulbs anywhere.

JUMBO MOTHER BULBS. This is the largest and finest grade obtainable. Especially selected from the hundreds of thousands of bulbs we grow. Each bulb will produce three to five blossoms the first spring. **3 for 70c, 12 for \$2.50, 100 for \$18.75.**

LARGE DOUBLE NOSE GRADE. Each nose will produce a flower so you get two flowers from each bulb. These are beautiful, smooth, firm bulbs, carefully selected. **3 for 50c, 12 for \$1.80, 100 for \$13.50.**

LARGE ROUND GRADE. Firm round bulbs that will give one bloom next spring but what a wonderful large flower it will be! This is the type of bulb to plant if you want to leave them as long as possible without digging. **3 for 40c, 12 for \$1.40, 100 for \$10.50.**

NO. 2 DOUBLE NOSE GRADE. These are bulbs that because of size may not be put in the Large Double Nose Grade. Otherwise they are perfect—clean and firm—and measure over six inches around. They may all make two blooms the first season but we only claim they will produce 18 flowers per dozen bulbs. **12 for \$1.20, 100 for \$9.00.**

KING ALFRED PLANTING STOCK

These are the small bulbs that are planted in the fields to produce the big bulbs for the following years. We have an extra large crop this year so we are setting aside a limited quantity for our customers. This is a wonderful opportunity to develop a planting of King Alfreds so that you can have hundreds of flowers for your own use or for sale. Orders for this stock should be placed as early as possible as most of our bulbs are planted by the middle of September. No orders will be accepted after Oct. 1. Not less than 12 pounds sold. The size of the bulbs vary considerably but they will average about 10 bulbs per pound. Many of the bulbs will bloom the first season. All of them should give good big flowers the second season.

If you are interested in making a large planting write to us for special quantity prices.

12½ lbs. \$5.00; 30 lbs. \$10.00; 100 lbs. \$30.00

These prices for planting stock are not postpaid. If wanted by parcel post please add postage.

Few bulbs give as much beauty with as little care as the daffodils. Once planted they may be left undisturbed for several years and only need to be lifted and divided when the bulbs become crowded. Plant the bulbs about six inches deep as early in the fall as you can. Any good garden soil is satisfactory. Plenty of moisture until the bulbs are ripe, then a dry rest period is what they like best.

KING ALFRED

Plant Daffodils in Masses for Years

The GOLDEN TRUMPETS

Division 1-A—Large trumpet varieties with both trumpet and perianth same shade of yellow.

COLLECTION OF LARGE TRUMPET DAFFODILS

Four superior varieties chosen to give a beautiful display of the different types for weeks during the early spring.

GOLDEN HARVEST. Very large and very early. Deep golden yellow.

DAWSON CITY. Golden yellow of beautiful form, later in the season.

QUEEN OF THE BICOLORS. Large vigorous Bicolor.

MRS. E. H. KRELAGE. Ivory white trumpet, midseason.

12 bulbs (3 each) \$2.85	48 bulbs (12 each) \$10.00
24 bulbs (6 each) \$5.25	100 bulbs (25 each) \$19.50

DIOTIMA

AEROLITE. A beautifully formed daffodil of soft medium yellow. It flowers rather early in the season and makes a splendid show in the garden, in fact for garden decoration it is one of the best. 3 for 55c, 12 for \$2.00, 100 for \$15.00.

DAWSON CITY. A large group of this excellent daffodil in our border with the early flowering trees is one of the most enjoyed pictures of daffodil time. It stands quite erect with large blossoms of superb form—smooth overlapping perianth and long trumpet, all of rich golden yellow. 3 for 60c, 12 for \$2.25, 100 for \$16.50.

DIOTIMA. A daffodil of giant size but well proportioned—lacking the coarseness of some of the extra large varieties. The somewhat star-shaped perianth (5 to 6 inches across) is deep primrose. The trumpet is golden yellow. There has never been a sufficient supply to care for the demand for this variety. Each 80c, 3 for \$2.20, 12 for \$8.00.

GOLDEN HARVEST. A new giant daffodil that we believe is going to capture some of the popularity from King Alfred as soon as it becomes better known. It is earlier and larger than King Alfred but does not have as strong a stem. The flower is well formed and has good daffodil color—deep golden yellow. 3 for 70c, 12 for \$2.50.

MINISTER TALMA. If you want a profusion of large golden daffodils very early in the season at a low price here it is. Besides being good in the garden it is also a most satisfactory variety for growing in pots, producing many flowers on stems of medium height. Our bulbs are large and will make from two to four blossoms. 12 for \$1.40, 100 for \$10.00.

WINTER GOLD. Each year this bright golden daffodil comes into full bloom long before most of the “early” daffodils are showing color. Plant a clump of them in a warm protected spot for the first real daffodil display of the season. The large flower has a bright yellow perianth and long frilled trumpet of deeper yellow. 3 for 70c, 12 for \$2.50.

GOLDEN HARVEST

HINTS ON GROWING DAFFODILS

Like all other bulbs, narcissi-daffodils repay us for giving them the proper care by producing more and better flowers. Start with good bulbs; this almost guarantees flowers for the first year. See that the soil is well prepared. This means deep digging and plenty of plant food, especially phosphates and potash. Early planting is advisable. September is the best month for most parts of the country. Cover the tops of the bulbs about 4 inches, and in cold climates mulch well after the ground has frozen. It is a mistake to leave the bulbs too many years without resetting them. They become crowded and fail to bloom. About every third year, dig the bulbs when the tops have ripened. Store in a cool, airy place and reset in the fall. Never move the bulbs before or during blooming time as it will injure their growth very severely.

of Spring Delight

BEERSHEBA

ALL WHITE

Division 1-B—Large Trumpet varieties with white perianths and white or nearly white trumpets.

BEERSHEBA. Outstanding and distinct—quite one of the loveliest daffodils grown. The whole flower is pure white and the form is considered near perfection. The trumpet is long and narrow backed by a fine overlapping flat perianth. The flowers come medium early and last a long time because of the splendid texture. The plant is vigorous in growth and free flowering. **Each 60c, 3 for \$1.65, 12 for \$6.00.**

ESKIMO

Gleaming Harmonies in WHITE

ESKIMO. A beautiful exhibition flower of fine texture and form. The wide trumpet is pale primrose on first opening, the whole flower soon passing to an intensely pure white. A vigorous grower, flowering profusely. A beautiful garden plant. **Each 55c, 3 for \$1.50, 12 for \$5.50.**

MRS. E. H. KRELAGE. Sometimes called "The White King Alfred." The large flower has a pale yellow trumpet as is shown in the picture when it just opens. Later the whole flower becomes uniform ivory white of waxy texture. A vigorous dependable daffodil. **3 for 85c, 12 for \$3.00.**

ROXANE. A large strong growing variety of soft creamy white. The widely expanded trumpet is backed by an exceptionally broad perianth. **Each 35c, 3 for \$1.00, 12 for \$3.50.**

BI-COLOR DAFFODILS

Division 1-C—Large trumpet daffodils having white perianth and trumpets colored yellow, primrose, lemon, etc.

JEFTA. Earlier than King Alfred, this is the first of our daffodils to show other than the all-yellow color. It is a King Alfred seedling with much the shape of the parent but with white perianth and soft lemon trumpet. **Each 30c, 3 for 85c, 12 for \$3.00.**

PRESIDENT LEBRUN. A splendid new bicolor with a beautifully ruffled, flaring trumpet of sulphur yellow. The broad overlapping perianth is pure white. Strong stems of medium height. **Each 40c, 3 for \$1.10, 12 for \$4.00.**

QUEEN OF THE BICOLORS. A strong and vigorous variety that produces large long-lasting flowers early in the season. Broad pure white perianth and deep yellow trumpet. **Each 30c, 3 for 85c, 12 for \$3.00.**

SPRING GLORY. The standard old reliable bicolor. Good sized flowers, freely produced, with long golden yellow trumpets and long pure white petals. **3 for 60c, 12 for \$2.25.**

LEEDSII

Division 4—Perianth white. Cup white cream or pale citron, sometimes with pink or apricot.

LONG CUPS

DAISY SCHAFER. Certainly this is one of the most beautiful light colored daffodils. The flowers are very large, attractively formed and the coloring is lovely. When the large trumpet is fully developed the outer half is light

lemon yellow while the inner half is white with a lemon green throat. The wide spreading perianth is pure white. **Each 30c, 3 for 85c, 12 for \$3.00.**

DELAWARE. This has been one of our special favorites for many years. The trumpet has unusual thick velvety substance. It opens with a golden quince color which changes to creamy lemon. The perianth is pure white. The fragrance is unique and delightful. **Each 50c, 3 for \$1.40, 12 for \$5.00.**

SILVER STAR. A reliable and beautiful variety—the most popular of this list. The good sized flower has a creamy white perianth and a trumpet which opens primrose but changes to creamy white. We like to plant it in drifts with the light blue or pink hyacinths. The effect is delightful. **3 for 55c, 12 for \$2.10, 100 for \$15.75.**

MRS. E. H. KRELAGE

TUNIS. Gardeners get a real bargain when varieties like this are available at such low prices. It is a marvelous flower. The coppery gold frill on the trumpet of the otherwise white flower is outstanding. The plant is unusually vigorous with heavy foliage and long stems. **Each 30c, 3 for 85c, 12 for \$3.00.**

WHITE NILE. This is the earliest of the white cups that we have grown. The pure white flowers are shaped much like a medium size trumpet daffodil and are produced in great profusion. It rates high both for garden decoration and for cutting. **3 for 55c, 12 for \$2.00.**

with YELLOW and PINK

PINK DAFFODILS

MRS. R. O. BACKHOUSE. This is the "Pink Daffodil", and with us here in the Northwest it certainly is pink. When the flower opens the trumpet is amber in tone but the yellow soon disappears leaving a beautiful clear shell pink coloration. While the flower has a delicate appearance it really is long lasting and makes a delightful cut flower. **Each 55c, 3 for \$1.50, 12 for \$5.50.**

VERONICA. A new and charming addition to the list of daffodils showing pink color. It has a deeply frilled cup of pinkish apricot backed by a broad-petaled pure white perianth. **Each \$1.35; 3 for \$3.75, 12 for \$13.50.**

SILVER STAR

SHORT CUPS OR CROWNS

HERA. If you want a lovely pure white flower of medium size for garden decoration or for cutting this is one of the best. When it first opens the cup is bordered with primrose. **3 for 40c, 12 for \$1.50, 100 for \$11.00.**

MYSTIC. Near the end of the Narcissus season this exquisite flower appears fresh and clean. The flat cup is unique in coloration, pure white shading to cool green in the center and having a rim of pinkish orange. **Each 50c, 3 for \$1.40, 12 for \$5.00.**

MRS. R. O. BACKHOUSE

*Riley, N. Y.
The Beersheba and Mrs. Backhouse bulbs I received from
you last fall produced beautiful blooms. I am thrilled with
these blooms.
Mrs. N. W.,*

TUNIS

FORTUNE

Incomparabilis

Division 2—The cup or crown measuring from one-third to nearly equal the length of the perianth segments. The perianths are white or yellow and the cups yellow, yellow shaded with red or all red.

CARLTON

The MEDIUM CUPS -- Full

ADLER. This is a large flower showing a striking color contrast between the pure white perianth and the chrome-yellow cup that shades to blood-orange at the frilled edge. Beautifully formed flat perianth and deep cup make it an exhibition flower of much merit. **Each 40c, 3 for \$1.10, 12 for \$4.00.**

BODILLY. We have been especially impressed by the beauty of this clean-cut flower. It is a true bicolor with purest white perianth and clearest lemon yellow. The carriage and form are superb. **Each 50c, 3 for \$1.40, 12 for \$5.00.**

CARBINEER. Few daffodils have received as impressive an array of awards as has this superb variety. The broad flat rich yellow perianth stands at right angles to the large bright orange-red cup. Having great substance it lasts unusually well. **Each \$1.00, 3 for \$2.75, 12 for \$10.00.**

CARLTON. One of the outstanding varieties that is now in the low price class. It is a very large flower of clear yellow throughout. The perianth is very broad and the large flaring trumpet is nicely frilled. The plant is vigorous in growth with tall stems and heavy foliage. **3 for 50c, 12 for \$1.80, 100 for \$13.50.**

DAMSON. An exceptionally good large long stemmed flower of bright color. The perianth when just opened is a medium yellow but turns to creamy white shading yellow at the base. The long cup is orange-red throughout. **3 for 60c, 12 for \$2.25, 100 for \$16.85.**

DICK WELLBAND. A good planting of this splendid variety is a thrilling sight. The broad spreading cup is bright orange-red and holds its color unusually well. The perianth is pure white and somewhat reflexing. A strong vigorous grower and very free flowering. **Each 30c, 3 for 80c, 12 for \$2.75.**

FORTUNE. One of the world's most famous daffodils and now that the price is so low it should be in every garden. The flowers are very large, the color bright and clean and it is extremely early. Very vigorous plant with long strong stems. Deep golden yellow perianth, orange-red cup. **Each 30c, 3 for 85c, 12 for \$3.00.**

FOLLY. It is desirable to plant varieties like this one to prolong the daffodil season. Not only is it very late but the flowers last a long time, increasing in size and beauty for days. The pure white petals are gracefully recurved. The smooth bowl-shaped cup is deep yellow shading to orange-red at the brim. **Each 30c, 3 for 85c, 12 for \$3.00.**

FRANCISCA DRAKE. A striking flower of brilliant color and unusual form. The petals, which reflex somewhat, are pure white tinted gold at the base. The large wide cup is flame-orange at the densely frilled edge, shading lighter to the base. Vigorous and free-flowering. **3 for 50c, 12 for \$1.75, 100 for \$13.00.**

HELIOS. A very early flower of deep yellow. The cup is shaded orange—quite deep orange when the weather is cool at blossoming time. The flowers are large and the stems tall and strong. One of the best for forcing. Very free flowering. **3 for 40c, 12 for \$1.50, 100 for \$11.00.**

KILLIGREW. A high quality flower for the garden, cutting or exhibition. Bright yellow overlapping perianth of smooth finish. The large frilled cup is tangerine-orange and holds its color better than most bright cups. **3 for 65c, 12 for \$2.40.**

PORTHILLY. One of the most striking of the yellow and red varieties. The large open cup is a marvelous shade, vivid orange-crimson, and beautifully frilled. The clear yellow perianth is broad and smooth. **Each \$1.00, 3 for \$2.75, 12 for \$10.00.**

JOHN EVELYN

RUSTOM PASHA. This outstanding variety attracts immediate attention. The strong tall stemmed flowers have a large deep cup of brilliant orange backed by a very broad perianth of deep gold. The coloring becomes more intense with age. **Each \$1.75, 3 for \$5.00, 12 for \$17.50.**

JOHN EVELYN. The picture gives some idea of why this is one of the world's most popular daffodils. The broad flat cup is extremely frilled and fluted, colored lemon-yellow tinted apricot. Vigorous and free flowering. **3 for 65c, 12 for \$2.40.**

of Radiant Colors

SCARLET LEADER. A spectacular flower having a wide cup of vivid orange-scarlet set off by a large creamy white perianth. Attracts much attention either in the garden or on exhibition. Strong sturdy plant. **Each \$1.35, 3 for \$3.65.**

SIR WATKIN. An old variety that is still useful for landscape effect or for cutting. The good sized flowers have a primrose perianth and deep yellow cup. Not as fine as some of the newer varieties but note the low price. Largest double nose bulbs. **12 for \$1.35, 100 for \$10.00.**
No. 2 double nose bulbs. **12 for \$1.00, 100 for \$7.50.**

HADES

ALCIDA. This well colored flower of firm substance comes near the end of the daffodil season. Large creamy perianth, broad cup of deep yellow with orange-red frill. **3 for 50c, 12 for \$1.80, 100 for \$13.50.**

BATH'S FLAME. A brilliant flower with large informal perianth of bright yellow and deeper yellow cup edged orange-scarlet. Very tall stems. **3 for 40c, 12 for \$1.50, 100 for \$11.00.**

CRENVER. A large beautiful flower of the Poeticus-Barrii type. The broad flat perianth is purest white and the crown is yellow with a broad band of bright red. Tall and strong. **Each 40c, 3 for \$1.10, 12 for \$3.75.**

ST. EGWIN. A collection made up entirely of the bright orange red cups would be tiring to the eye. The clear soft yellow of this exquisite variety affords a restful contrast. The large broad blossoms are beautifully proportioned and have a silky smooth texture. Very tall stems. **Each \$1.25, 3 for \$3.45.**

COLLECTION OF BRIGHT CUPS

This is a choice assortment of these colorful flowers so desirable for garden decoration or for cut flowers. Five splendid varieties in the different color combinations and types chosen from our good named varieties. The varieties will depend upon stocks available at shipping time but you can be sure that they will all be excellent sorts. Each variety bagged and labeled separately. **5 each (25 bulbs) \$3.50 12 each (60 bulbs) \$8.00**

DAMSON

BARRII

Division 3—The same colors as in the Incomparabilis section but with shorter cups—less than one-third the length of the perianth segments.

DIANA KASNER. Large size flower having a cream perianth and yellow cup with bright orange-red margin. A vigorous growing, dependable variety that produces an abundance of tall stemmed flowers that are excellent for cutting. **3 for 40c, 12 for \$1.50, 100 for \$11.00.**

HADES. The color of the cup is frequently stated to be the darkest red in daffodils. It is a deep cherry red that lasts exceptionally well for so bright a color. The large flat perianth is creamy white. A strong vigorous variety. **Each 50c, 3 for \$1.40, 12 for \$5.00.**

LADY KESTIVEN. One of the most brilliant daffodils yet introduced. The perianth is clear pure white, well formed and substantial. The crown is bright cherry red. **Each 75c, 3 for \$2.00.**

**DICK
WELLBAND**

The Fragrant JONQUILS

GOLDEN PERFECTION

Division 7. These are the true jonquils and the jonquil hybrids—not to be confused with the large trumpet daffodils that are often erroneously called “jonquils”. The flowers are usually golden yellow and in clusters.

GOLDEN PERFECTION. Of all the self-colored narcissi, this is certainly one of the finest. The flowers are large in size, usually two on a stem. These stems are strong and very tall. The bright golden blossoms are beautifully formed and last a long time. **3 for 55c, 12 for \$2.00, 100 for \$15.00.**

GOLDEN SCEPTRE. Another attractive hybrid of a single jonquil and a large daffodil. It has the color and fragrance of the jonquil with a daffodil-like trumpet. It is wonderfully free flowering with tall stems and attractive foliage. The first blooms come quite early and are followed by secondary flower stems. The result is that the flowering period is longer than that of almost any other narcissus in our plantings. Sometimes two flowers on the stem. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

ODORUS CAMPERNELLE (the single Campernelle Jonquil). This delightful variety is one of the most beloved early spring flowers. The uniquely fragrant flowers are bright yellow and come in clusters of two to four. The stems are tall and round and the foliage erect and rushlike. It makes attractive clumps in the border and provides many lovely flowers for decoration. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

ODORUS CAMPERNELLE PLENUS (Double Campernelle Jonquil). See Doubles, page 12.

TREVITHIAN. A quite distinct variety with flowers of soft lemon-yellow throughout. Each stem bears two or more of the lovely smooth textured blossoms with broad perianth and shallow cups. **3 for 55c, 12 for \$2.00.**

JONQUILLA SIMPLEX. This is a charming slender growing type with numerous perfect little florets in graceful clusters. The color is rich yellow and the fragrance delicious. The little bulbs may be left undisturbed for years. **3 for 40c, 12 for \$1.40.**

GRAND SOLEIL D'OR

This variety has been extensively used for forcing but its usefulness out of doors has been too often overlooked. It is as hardy as many of the daffodils. Large clusters of dark yellow flowers with bright orange cups. Tall growing and vigorous. Healthy home grown bulbs. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

GERANIUM (Poetaz)

The Clustering POETAZ

Division 8. Hardy bunch flowering hybrids of the Poeticus and Polyanthus Narcissi. Fragrant long lasting flowers that are excellent for garden or cutting.

ELVIRA. Three or four good sized substantial flowers on tall strong stems. The petals are pure white, the cups are bright yellow with a narrow orange rim. We recommend it highly for naturalizing or for cutting. **3 for 40c, 12 for \$1.40, 100 for \$10.50, 1000 for \$94.50.**

GERANIUM. Large pure white perianth with beautiful orange-red cup. Four to six florets on a stem. A bright clean appearing flower that we recommend highly. **3 for 50c, 12 for \$1.75.**

GLORIOUS. A very fine outstanding flower. Each tall stem bears two or three very large flowers with broad poeticus type perianth and orange-scarlet eye. Particularly recommended for partial shade. **3 for 50c, 12 for \$1.75.**

SCARLET GEM—The best of the Poetaz with yellow perianths and orange-red cups that we have grown. The perianth is primrose yellow and the cup is orange-scarlet. The clusters are composed of four to six gracefully arranged florets on good stems. **3 for 50c, 12 for \$1.75.**

COLLECTION OF POETAZ NARCISSI

A planting of the four lovely varieties described above will bring a lot of fragrance and beauty to the garden.

5 each (20 bulbs) \$2.75
12 each (48 bulbs) \$6.25

MARTHA WASHINGTON (Hermani). A giant poetaz with flowers the size of the Barrii varieties. Each tall stem usually bears three flowers with pure white overlapping perianth and clear orange cup. **Each 40c, 3 for \$1.10, 12 for \$4.00.**

ACTAEA (Poeticus) See page 11

The Poet's Narcissus POETICUS

Division 9—The true poet's narcissus. The perianth is pure waxy white. The small cup or eye is yellow bordered red or is all red.

These varieties like a deep moist soil and will tolerate considerable shade. Plant as early in the fall as possible and do not reset except when necessary to avoid crowding.

ACTAEA. Frequently called the largest Poeticus variety. It is indeed a beautiful flower with its broad pure white perianth of heavy substance and flat eye of yellow brightly bordered with dark red. With its large flowers and tall stems it makes a very beautiful cut flower. **3 for 40c, 12 for \$1.50, 100 for \$11.00.**

GLORY OF LISSE. Like the old fashioned Poeticus Ornatus but stronger growing and better. The perianth is, of course, purest white. The small cup is yellow brightly edged with red. True poet's narcissus fragrance. An excellent variety for naturalizing. **3 for 35c, 12 for \$1.20, 100 for \$9.00.**

RECURVUS. The old-fashioned Pheasant's Eye. A fine old narcissus that blooms at the end of the season. The white petals reflex from the yellow cup which is bordered with bright orange-red. One of the best for naturalizing. **3 for 40c, 12 for \$1.40, 100 for \$10.50.**

THALIA

TRIANDRUS HYBRIDS

Division 5—All varieties which are obviously derived from N. Triandrus. Of very graceful habit with flowers that are more or less drooping.

PEARLY QUEEN. Each stem bears two or three flowers with star-shaped creamy white perianth and short smooth trumpet of lemon yellow. The distinct pearly sheen provides the name. The drooping flower clusters are freely produced. The attractive blossoms are delightful in flower arrangements. **3 for 50c, 12 for \$1.80.**

SHOT SILK. A charming triandrus hybrid of the Thalia type bearing three flowers of soft pure white in a graceful cluster. Somewhat star-shaped petals, long narrow cup. Probably the highest in quality of any of the little daffodils. **Each 35c, 3 for \$1.00, 12 for \$3.50.**

SILVER CHIMES. One of the loveliest things in our whole catalog and quite a favorite with us and with people who visit our plantings. The clusters usually have six or seven florets with pure white perianths and firm cups that open pale primrose and become ivory as they develop. It makes a vigorous plant with tall stems and attractive foliage. Usually considered as not being very hardy but it was unharmed this winter by six weeks of cold weather with temperatures down to nearly zero. **Each \$1.00, 3 for \$2.75, 12 for \$10.00.**

THALIA. The picture below gives only an inkling of the exquisite beauty of this lovely variety. The flowers are of the purest white usually arranged in a cluster of three. The bulbs are easy to grow and produce freely of these enchanting flowers so desirable for arrangements or corsages. **Each 25c, 3 for 70c, 12 for \$2.50.**

SILVER
CHIMES

CYCLAMINEUS HYBRIDS

BERYL. This pleasing little variety bears small gracefully nodding blossoms. The slightly reflexing perianth is primrose, the globular cup is bright orange shading to gold. Ideal for the rock garden or pots. **Each 45c, 3 for \$1.25, 12 for \$4.50.**

FEBRUARY GOLD

COLLECTION OF LITTLE DAFFODILS

Distinct and attractive flowers for the rock garden or a sheltered spot in the border.

**THALIA, FEBRUARY GOLD,
BULBOCODIUM CONSPICUUS
CANALICULATUS**

5 each (20 bulbs) \$2.75

10 each (40 bulbs) \$5.00

VARIOUS SPECIES

CANALICULATUS. A daintly little polyanthus narcissus suitable for sunny situations in the rock garden. Tiny heads of three or four florets on 6-inch stems. White perianth and globular yellow cup. Sweetly scented. Grows very easily and increases rapidly. **12 for \$1.20, 100 for \$9.00.**

BULBOCODIUM CONSPICUUS. The yellow Hoop Petticoat Daffodil. The blossoms are rich golden yellow of hoop petticoat form and slender round foliage. These gay little flowers are abundantly produced on 6-inch stems. Easily grown. **12 for \$1.20, 100 for \$9.00.**

FEBRUARY GOLD. Each year this bright golden flower heralds the new daffodil season for us. In addition to its earliness it is a charming sprightly flower with reflexing petals. The whole flower is a bright clear yellow, considerably deeper than shown above. **3 for 45c, 12 for \$1.60, 100 for \$12.00.**

The Distinctive DOUBLES

THE DOUBLES

Division 10. Double flowers of white, cream and yellow, sometimes with inner petals of orange or red.

DOUBLE CAMPERNELLE JONQUIL (*Odorus Campernelli Plenus*). A splendid variety bearing heads of deep yellow double flowers on tall stems. Rich green rush-like foliage. Delightfully fragrant. Like the other campernelles it is much better when not dug for two or three years. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

INGLESCOMBE. The flower is pure soft yellow without shadings of any other color. Fully double and beautifully formed blossom. A choice variety for cutting. **3 for 55c, 12 for \$2.00.**

IRENE COPELAND. A large fully double snow white flower with inner petals of primrose. The coloring is much like Royal Sovereign but the petals are narrower and more closely packed. The strong stems hold upright the very large flowers. **Each 30c, 3 for 85c, 12 for \$3.00.**

MARY COPELAND. Semi-double blossom of creamy white with shorter petals of brilliant orange. A beautiful variety that has delightful fragrance. **Each 40c, 3 for \$1.10, 12 for \$4.00.**

ROYAL SOVEREIGN. We consider this an especially attractive and graceful double—quite lacking in the stiffness of some varieties. The creamy-white longer petals are interspersed with short crinkled petaloids of soft primrose yellow. **Each 35c, 3 for \$1.00; 12 for \$3.60.**

THE PEARL. A graceful flower of creamy-white interspersed with some petals of sulphur-yellow. We sell thousands of the bulbs yearly for it is in great demand both for garden decoration and for cutting. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

TEXAS. Giant flowers of bright yellow interspersed with brilliant orange. The stems are tall and the whole plant shows great vigor. **Each 30c, 3 for 85c, 12 for \$3.00.**

TWINK. A splendid double that should be in every collection. It is of the semi-double type with longer petals of soft primrose and inner petals of clear orange. Very early and long lasting. The large flowers are well supported by tall strong stems. **3 for 55c, 12 for \$2.00, 100 for \$15.00.**

ROYAL SOVEREIGN

COLLECTION OF DOUBLE DAFFODILS

A most attractive and interesting group of six fine doubles. All of them are extra good varieties and each one is quite distinct from the others.

TEXAS

DOUBLE POETAZ

CHEERFULNESS. The double Poetaz *Narcissus Elvira*. Two to four charming double flowers made up of creamy white outer petals and shorter petals of soft yellow. Sweet narcissus fragrance. Easily grown and very free-flowering. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

CHEERFULNESS

THE PEARL

HYACINTHS *For Beauty and Fragrance*

We take great pride in our offerings of Hyacinths and everything possible has been done to provide you with the best bulbs of the choicest varieties. Our exhibition grade (19 cms. and up) is the largest and finest obtainable. Each bulb produces one immense spike and often additional side spikes. The Bedding size (15 to 16 cms.) is an excellent grade, especially for outdoors as the smaller spikes stand up better in stormy weather. Hyacinths force easily and both sizes of bulbs may be used for this purpose.

WHITE

ARENTE ARENSEN (Albatross). Early. Long spikes of large glistening snowy-white florets.

L'INNOCENCE. This is still one of the most satisfactory pure white hyacinths for all purposes. The bells are large and well placed on the strong stem.

QUEEN OF THE WHITES. Pure white, strong spike, large bells.

PINK AND RED

JAN BOS. Bright carmine-red tinted scarlet with lighter center. Early.

LADY DERBY. Beautiful light rose-pink. Large florets of good substance.

LA VICTOIRE. Bright deep carmine-rose. Very early. Forces easily.

PRINCESS MARGARET. Large perfectly formed truss with distinctive open bells of clear soft pink. A little deeper in color than Lady Derby.

QUEEN OF THE PINKS. Compact spikes of deep rose-pink. Late blooming.

BLUE

GRAND MAITRE. The standard medium blue Hyacinth. Large strong spikes of deep lavender blue. Excellent for bedding or forcing.

INDIGO KING. Darkest violet-purple. Spicy fragrance.

MYOSOTIS. A soft but distinct forget-me-not blue of breath taking loveliness. Tall spike with large bells. Excellent with Lady Derby and a white daffodil.

QUEEN OF THE BLUES. Beautiful light azure-blue. Large spike.

LILAC

KING OF THE LILACS. Fine well filled spikes of true lilac color. An attractive and distinct shade. Exquisite when grown under glass.

YELLOW

CITY OF HAARLEM. The standard yellow Hyacinth. Tall stems bearing large well-filled trusses that open deep yellow, later turning pale yellow.

DAYLIGHT. A new variety of pinkish orange yellow with lighter center.

CONLEY'S MIXED HYACINTHS

A beautiful mixture containing all the colors listed above. The same high quality bulbs but not separately named.

EXHIBITION SIZE (19 cms and up): 3 for \$1.05, 12 for \$3.90, 100 for \$29.25.

BEDDING SIZE: 3 for 55c, 12 for \$1.95, 100 for \$14.65.

DOUBLE HYACINTHS

This is an intriguing type of Hyacinth, only rarely offered for sale. The florets have a multiplicity of petals that give them the appearance of little pointed camellias. The bells are rather widely spaced giving the spikes a graceful appearance.

CHESTNUTFLOWER. The best pink. Large bells of clear rose-pink on a tall stem. Very beautiful.

GARRICK. Bright wedgwood blue. The best of the double blues.

BEN NEVIS. New. The best double white. Very large truss loosely set with exquisite large florets.

BEDDING SIZE: Each 25c, 3 for 70c, 12 for \$2.50. **EXHIBITION SIZE:** Each 50c, 3 for \$1.40, 12 for \$5.00.

COLLECTION OF DOUBLE HYACINTHS

10 each (30 bulbs): **Exhibition size** \$11.90, **Bedding size** \$5.95

TULIP SPECIES *For Permanence*

These wild species and hybrids are outstandingly beautiful and unusual. They exhibit an immense diversity of form, from little jewels such as *Linifolia* to the great brilliant *Praestans*. Unlike the garden tulips which should be lifted annually, these species may be left in the ground for years.

CLUSIANA (The Lady Tulip). A charming slender plant with pointed blossoms on stems about 12 inches high. The outer petals are cherry red, the inner ones are white. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

CORNUTA STENOPETALA (*Acuminata*, *Sinensis*). A remarkable flower with extremely narrow long petals that taper upwards to a sharp point. Entirely different from any other species. Yellow, brightly marked with red. 3 for 50c, 12 for \$1.75.

CHRYSANTHA. In the sun these lovely little flowers open out flat, forming discs of pure gold. The outer petals are often shaded coppery red. Charming for the rock garden. 3 for 35c, 12 for \$1.35.

DASYSTEMON. A captivating little plant about six inches high with canary-yellow flowers bordered with white. From three to five little blossoms on a stem; when fully opened in the sun they produce a delightful effect. 3 for 50c, 12 for \$1.75.

EICHLERI. Large flowers of brilliant crimson-scarlet with a glistening black center marked gold. Attractively pointed petals that open wide in the sun. The foliage is silvery green. Very effective in the rock garden or border. A dependable species that is easily grown. 3 for 35c, 12 for \$1.35.

KAUFMANNIANA (The Waterlily Tulip). An especially desirable variety because it is not only the earliest of all tulips but is also a cheerful attractive flower. The petals are creamy-white more or less marked with carmine on the outside. Height 8 inches. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

KAUFMANNIANA BRILLIANT. Brilliant red flowers that open wide in those few sunny days of early spring. A group of these in a planting of the regular type would be very striking. 3 for 85c, 12 for \$3.00.

KAUFMANNIANA ELLIOT. More highly colored and larger than the type. The creamy flowers are richly shaded red on the outside. 3 for 40c, 12 for \$1.50.

LINIFOLIA. Small bowls of brilliant scarlet centered dark violet. Very dwarf plant with narrow leaves. 3 for 55c, 12 for \$2.00.

MARJOLETTI. A charming little flower of primrose-yellow, flamed scarlet. A slender growing species, about 14 inches high, that is a very attractive flower for cutting. Late. 3 for 40c, 12 for \$1.40.

PRAESTANS. Large flaming vermilion-scarlet flowers—several of them on a stem. Tall and large and altogether very showy and distinct. 3 for 50c, 12 for \$1.75.

RED EMPEROR (Madame Lefebvre). *Fosteriana* Hybrid. This tulip attracts more attention than any other. The flowers are extremely large and vividly colored—flaming scarlet with black base marked with yellow. It flowers before even the Single Early Tulips are fully developed. A group of the huge blossoms in the early spring sun is a sight of such brilliance as is rarely seen in gardens. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

TURKESTANICA. Each stem carries four to six small white blossoms shaded yellow inside. One of the first to bloom. 3 for 40c, 12 for \$1.40.

COLLECTION OF TULIP SPECIES

The 13 superb varieties described above including the spectacular Red Emperor—a beautiful and intriguing group.

RED EMPEROR

CLUSIANA

PRAESTANS

SINGLE EARLY TULIPS

The Single Early Tulips produce a great display of bright gay coloring in the early spring when bright color is needed to drive away the dullness of winter. Plant in a warm sunny location for earliest blooms. Their large flowers and short strong stems make this type especially suited to beds and borders. These are the best tulips for forcing.

BRILLIANT STAR MAXIMUS. Large flowers of bright vermillion scarlet. Star-shaped base of black outlined in yellow. Excellent for early forcing. 3 for 45c, 12 for \$1.60.

GENERAL DE WET (Fireglow). This is a great tulip. The extra large flowers are rich golden orange flushed and stippled with bright scarlet. This shading is intensified as the flower grows older. 15 inches. 3 for 40c, 12 for \$1.50.

IBIS. Deep rose shading to lighter clear pink at the edges of the petals. Large round flower. Good forcer. 3 for 40c, 12 for \$1.50.

PELICAN. A splendid pure white of such good substance that it lasts unusually well both in the garden or when cut. And when cut it is beautiful for arrangements. 13 inches. 3 for 40c, 12 for \$1.40.

PRINCE CARNAVAL. A cheerful new tulip that has the same combination of colors as Keizerskroon but brighter. The red area instead of being smoothly bordered with yellow is flamed and striped in an irregular manner. 3 for 45c, 12 for \$1.70.

KEIZERSKROON

KEIZERSKROON. One of the old favorites and still one of the showiest. Very large flowers of crimson-scarlet with a wide border of bright yellow. 16 inches. 3 for 40c, 12 for \$1.50.

MIXED EARLY TULIPS. A colorful mixture made up from the above varieties and many others. 12 for \$1.40, 100 for \$10.50.

DOUBLE TULIPS

COLLECTION OF SINGLE EARLY TULIPS

These six superior varieties are bright and colorful in the garden or when forced.

3 each (18 bulbs) \$2.35
5 each (30 bulbs) \$3.80
10 each (60 bulbs) \$7.25

EARLY DOUBLE TULIPS

COLLECTION OF DOUBLE EARLY TULIPS

The five superb varieties described at right. They would make a splendid show in pots or out of doors.

5 each (25 bulbs) \$ 3.25
10 each (50 bulbs) \$ 6.20
25 each (125 bulbs) \$14.95
100 each (500 bulbs) \$55.50

MIXED DOUBLE EARLIES. A well balanced mixture of all the different colors. 12 for \$1.50, 100 for \$11.25.

Early long-lasting flowers that bloom at the same time as the Single Early Tulips, many days before the May-flowering types are showing color. Because of their large size and bright colors they are very effective for beds and borders. They are easily forced and look especially well in pots.

BOULE DE NEIGE (Purity). Pure white peony-like flowers. Large and fully double. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

MARECHAL NIEL. Silky soft yellow tinted salmon like the Marechal Niel rose. Large fully double flowers that last well. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

MURILLO MAXIMUS. A larger and earlier form of Murillo. It opens white shaded pink toward edges of petals giving the effect of a soft delicate pink. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

PEACH BLOSSOM. Rose-pink shaded white on the outside. The base is yellow circled with white. One of the most beautiful of tulips and unexcelled for planting in beds or pots. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

SCARLET CARDINAL. The glossy scarlet flowers of unusual size and full petalage have excellent keeping qualities. A very early forcing variety and a splendid bedder. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

LILY FLOWERED TULIPS

These tulips have an air of lightness and grace that sets them quite apart from the more solid cup-shaped varieties. Especially charming as cut-flowers and also beautiful to look upon in the garden. The amount of recurving of the petals varies with the different varieties but all have a certain lily-like form.

ALASKA. Glistening buttercup yellow of an especially pleasing shade. Large elongated flowers with pointed petals that reflex most gracefully. Sweet-scented. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

CAPTAIN FRYATT. Sparkling ruby-red with blue center. Quite different in color from any other tulip. A most attractive variety with strongly reflexing petals. **3 for 50c, 12 for \$1.80.**

GOLDEN DUCHESS. A super deep yellow tulip. The large beautifully formed blossoms are carried on a tall strong stem. **3 for 55c, 12 for \$2.00.**

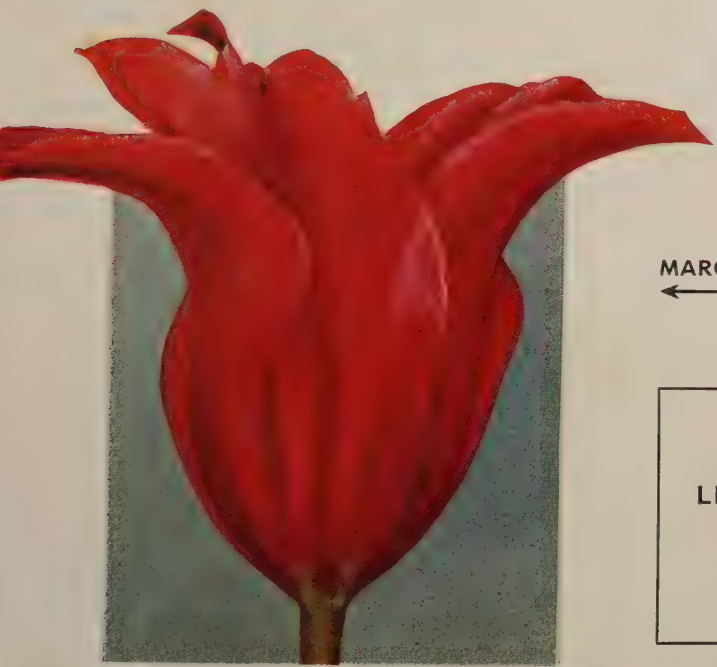

MARCELLINA. Cerise-pink with lighter edges—not ordinarily as dark in color as shown in the picture. When open it shows the white center with yellow stamens. A beautiful flower at all stages and one of the most delightful tulips for cutting. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

MARTHA. A splendid variety with clear cerise-red blossoms having a white center edged blue. Strong 26-inch stems. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

PICOTEE. This is one of the most beloved of tulips. The young flowers are outlined in pink as shown in the illustration on page 20. As the days pass this color gradually suffuses the whole flower. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

STANISLAUS. A choice new variety with large blossoms of vivid salmon-orange, outside flushed carmine-rose. Yellow base. **3 for 55c, 12 for \$2.00.**

THE BRIDE. The flower is of a most graceful form, the petals curving back in the true lily manner. The large blossoms are creamy white at first, later become pure white. **3 for 45c, 12 for \$1.60, 100 for \$12.00.**

- 5 each (40 bulbs) \$ 5.60
- 10 each (80 bulbs) \$10.65

THE FASCINATING PARROT TULIPS

Of all the tulips these new Parrots are the most spectacular. The immense flowers are lacerated, ruffled and encrusted in many diverse manners. The old type of Parrot Tulips had weak stems but these new varieties, being sports of the Darwin type tulips, have strong tall stems that hold the huge blossoms well erect. Like their parents, the Darwins, these tulips are vigorous growers and are easily grown. The list below has been carefully chosen to represent the best varieties available in a good range of colors.

BLACK PARROT. A sensational new tulip of rich velvety maroon-black. The large substantial blossoms have excellent Parrot form. Tall strong stems. **Each \$2.50, 3 for \$7.25, 12 for \$25.00.**

BLUE PARROT (See Front Cover). One of the finest tulips. Very large flowers of bluish-heliotrope. Derived from Darwin Blue Aimable and has the parent's strong stem and firm substance. **3 for 45c, 12 for \$1.60, 100 for \$12.00.**

FANTASY. This was the first of these new giant Parrot Tulips and is still one of the best. It is a sport of the ever-popular Clara Butt and the huge flowers have the same beautiful salmon-pink coloring accentuated by scarlet shadings and marked with green encrustations. The inside of the cup shows bright geranium red with a white base. **3 for 45c, 12 for \$1.60, 100 for \$12.00.**

FIREBIRD. A sport of the widely popular Fantasy, having all the good qualities of its parent. Instead of pink the color is vermilion red with a scarlet glow. **3 for 65c, 12 for \$2.40.**

DISCOVERY. Beautiful flowers of bright rose tinged lilac shaded with silvery-white at the margin. Derived from Darwin Princess Elizabeth, it has a strong tall stem and vigorous growth. **3 for 85c, 12 for \$3.00.**

ORANGE FAVORITE (See Front Cover). Beautiful glowing orange with green incrustations and yellow base. Very fragrant. Strong medium height stems. **3 for 50c, 12 for \$1.80.**

RED CHAMPION. The picture here gives a good idea of the fiery red color and the much lacerated form of this beautiful Parrot but does not show its great size. When the blossoms open widely in the warm sun they are as much as 8 inches. **3 for 55c, 12 for \$2.00.**

PARROT TULIP COLLECTION

Eight splendid varieties—representative of the best in Parrot Tulips. Gay and attractive, they would be the center of attraction in your garden.

- 10 each (70 bulbs) \$9.00

PARROT TULIP FANTASY

DOUBLE MAY FLOWERING TULIPS

These are large peony-flowered tulips that come into bloom after the Double Earlies at the time of the earlier Darwin varieties. The blossoms are substantial and long lasting and very effective for garden decoration. The strong medium light stems hold the massive blossoms well erect.

COXA. A big bright flower of splendid quality. The numerous petals are vermilion red edged with a small white border. Height 22 in. **3 for 40c, 12 for \$1.50.**

EROS. An outstanding tulip with large fully-double flowers like a big pink peony. Delightful old rose shaded silvery rose with yellow center. **3 for 40c, 12 for \$1.50.**

LIVINGSTON. One of the brightest and showiest of the doubles is this carmine-red variety. When it opens widely it shows a yellow center. Height 18 inches. **3 for 45c, 12 for \$1.60.**

MOUNT TACOMA. This variety is a great favorite both with us and with our customers. It has much the appearance of a big double white peony. Strong 24-inch stems. **3 for 45c, 12 for \$1.60.**

ORANGE SUPERB. Attractive fully double flowers of dark orange shading to lighter orange at the edges. **3 for 45c, 12 for \$1.60.**

SYMPHONIA (Double Pride of Haarlem). A great double derived from the good Darwin tulip Pride of Haarlem and having the same rich rosy carmine color. Tall strong stems. **3 for 50c, 12 for \$1.80.**

UNCLE TOM. The large flowers are dark glossy red that glisten in the sunshine. Effective for contrast with the lighter varieties. 22 inches. **3 for 50c, 12 for \$1.80.**

OUTSTANDING Tulip Collection

Ten outstanding tulips, each one at the top of its class in size, color and quality, chosen to give you the best possible display in your garden. The bulbs are top-size, clean and full of vigor. We believe you will be as proud of this collection when it flowers for you as we are to offer this outstanding collection to you.

1. **ARISTOCRAT** (Darwin). Dark rose.
2. **CHERBOURG** (Breeder). Golden yellow shaded bronze.
3. **ECLIPSE** (Darwin). Glowing deep crimson.
4. **GEORGE GRAPPE** (Breeder). Lavender - blue with large blue base.
5. **MARSHALL HAIG** (Cottage). Intense scarlet red.
6. **MRS. JOHN T. SCHEEPERS** (Cottage). Deep golden yellow.
7. **MOUNT EREBUS** (Darwin). Finest pure white.
8. **NIPHETOS** (Darwin). Soft creamy yellow.
9. **PRIDE OF ZWANENBURG** (Darwin). Bright rose pink.
10. **QUEEN OF THE NIGHT** (Darwin). Dark purple maroon.

5 each (50 bulbs) \$ 6.40
 12 each (120 bulbs) \$ 14.65
 25 each (250 bulbs) \$ 28.90
 100 each (1000 bulbs) \$110.00

MAGNIFICENT

RED AND ORANGE COTTAGE

ADVANCE (Hybrid Tulip). An extraordinary tulip and now priced so low that every gardener can plant it in quantity. Large size—larger than any Darwin, early—almost as early as the Single Earlies, tall strong stems that hold the giant flowers well erect, beautiful color, fiery scarlet inside, outside shaded with rose—what more could one ask of any tulip? **3 for 40c, 12 for \$1.40, 100 for \$10.50.**

HENRI CORREVON. We consider this one of the finest of the red tulips. It has a beautifully clean bright color usually described as geranium red. The large base is pure white with ivory anthers. The blossoms are unusually large on good 26-inch stems. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

MAJESTIC. This is one of the most spectacular tulips in our plantings. The blossoms are very large and very red on stems tall and strong and appear with the earliest of the tall stemmed tulips. When the giant blossoms open in the sunshine they show a large black base. **Each 40c, 3 for \$1.10, 12 for \$4.00.**

MARSHALL HAIG. A magnificent tulip—of all the scarlet-red tulips certainly one of the very best. The color is clear and bright with an iridescent lustre. The pronounced base is golden yellow. The stems are tall and support the flowers in a stately manner. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

PRESIDENT HOOVER. One of the latest tulips—an excellent sort for planting to prolong the tulip season. The large elongated flowers are orange-red with yellow base. The stems are very tall. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

SCARLET GLORY. Extremely attractive large flower of flaming vermilion red on the outside, the inside bright scarlet with yellow base. Tall pointed blossoms of good substance. 26 inches. **3 for 40c, 12 for \$1.50.**

MIXED COTTAGE TULIPS

This mixture of Cottage tulips is especially bright and cheerful. It contains a large number of splendid varieties mostly in shades of red, pink, yellow and white. The flowers are graceful and attractive and especially desirable for cutting. Top size bulbs, **12 for \$1.25, 100 for \$9.35.** Large first size (11-12 cms), **12 for \$1.00, 100 for \$7.50.**

ADVANCE

ECLIPSE

I ordered some bulbs from you last fall and never in my life have I seen such beautiful flowers. My Red Emperor tulip was as large as a small dinner plate.

*Mrs. O. B.
Frederick, Okla.*

REDS of Superb Quality

RED DARWINS

CHARLES NEEDHAM. Certainly this is one of the finest of all red tulips. The color is enchanting—clear intense vermilion. Large cup-shaped flowers on strong stems of jade green. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

CITY OF HAARLEM. A fine reliable cardinal red tulip. Large cup-shaped flowers with blue base and white ring. Strong stem and good substance. Beautiful when carpeted with white violas or arabis. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

ECLIPSE. We consider this the best of the deep red tulips and one of the finest in any color. Very large flowers of glowing deep crimson that last unusually well. A tall, strong growing tulip. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

FARNCOMBE SANDERS. This old variety is still a great favorite. Large flower of perfect shape colored bright rose-scarlet with white base. It is splendid for mass effects against evergreens. 3 for 40c, 12 for \$1.35, 100 for \$10.00.

GLORIA SWANSON. A huge cup-shaped flower on an exceptionally tall strong stem. The color is rich crimson red with blue base. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

MARGAUX. An exhibition variety that produces very large oval-shaped flowers distinct in color from any other tulip—deep wine red, shaded light wine-red at the edges. 30-inch stems. 3 for 70c, 12 for \$1.40, 100 for \$10.50.

PRIDE OF HAARLEM. The demand for this old variety continues strong in spite of the introduction of dozens of new red tulips. The flowers are larger than most and the stems unusually tall. The color is rosy-carmine. 3 for 40c, 12 for \$1.35, 100 for \$10.00.

SCARLET LEADER. One of the most desirable of the bright scarlet Darwins. A flower of large size that attracts immediate attention. It would be especially gay and bright if planted with one of our superb white Darwins. 3 for 45c, 12 for \$1.50, 100 for \$11.25.

WHITE GIANT

The WHITE TULIPS

ALBINO (Cottage). Exceptionally good for bedding or the front of the border since the stems are of medium height and very strong. The pure white blossoms are of the largest size. Early. 3 for 50c, 12 for \$1.75, 100 for \$13.00.

ANNIE SPEELMAN. A new white tulip of transcendent beauty. The blossoms are oval shaped and do not open too widely in the warmth. Even the base and anthers are white. The straight strong stem is 30 inches high. 3 for 45c, 12 for \$1.70.

BLANCA. A very large pure white tulip—rated by some authorities as the largest white. Creamy white base and ivory anthers. 3 for 45c, 12 for \$1.60.

GLACIER (Wildlust). Exceptionally large pure white tulip—the base and anthers are white. The oval shaped flowers last unusually well. 3 for 50c, 12 for \$1.80, 100 for \$13.50.

MOUNT EREBUS. We have tried a lot of white tulips and in our opinion this is the best of all. The flowers are very large—as much as four inches long—and the stems unusually tall and strong. Cream anthers. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

MRS. GRULLEMANS. A lovely pure white tulip with white center and sulphur anthers. Strong stem of medium height. The flowers have exceptional keeping quality. 3 for 45c, 12 for \$1.60.

WHITE GIANT. A giant pure white tulip with dark purple anthers. The flowers are cup-shaped of heavy substance, the stems are tall and strong. It would be a splendid variety to plant with one of the bright red Darwins. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

ZWANENBURG. One of the older varieties but still one of the most satisfactory. It is early flowering, large and tall. Black anthers. 3 for 45c, 12 for \$1.50, 100 for \$11.25.

CITY OF HAARLEM

MIXED DARWIN TULIPS

An excellent mixture made from a great many varieties in a wide range of blending colors—red, pink, lavender, white, yellow, etc. Very desirable where planting of tall stemmed, bright colored flowers are wanted.

Top size bulbs:

12 for \$1.35, 100 for \$10.00

First size bulbs, about 4½" around:

12 for \$1.00, 100 for \$7.50

CHARLES NEEDHAM

EXQUISITE PINK SHADES

COTTAGE TULIPS

BARBARA PRATT. The beautiful cherry-pink blossoms are lighted up by the effect of the large yellow base. An attractively formed flower with slightly reflexing outer petals. **3 for 40c, 12 for \$1.50.**

DIDO

DIDO. A very popular two-toned tulip. Large elongated blossoms. The outside is orange-rose shaded yellow toward the edges. The inside bright salmon-orange with yellow base. Tall, vigorous. **3 for 40c, 12 for \$1.40.**

PICOTEE

MARJORIE BOWEN. One of the most beautiful of the pink blends. The large rather long flowers are soft rose-pink with salmon shading outside, the inside is orange with clear yellow base. **3 for 40c, 12 for \$1.40, 100 for \$10.50.**

PICOTEE (Maiden's Blush). See page 16. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

DARWINS

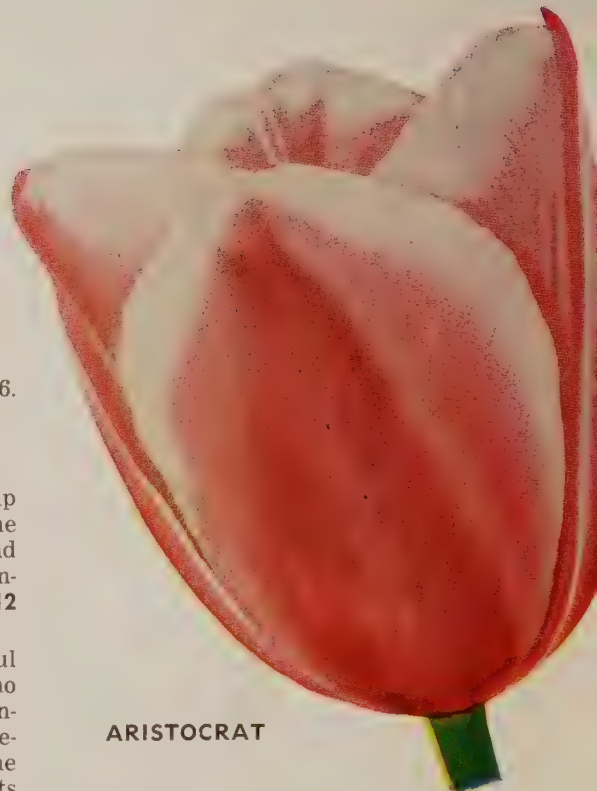

ARISTOCRAT. A fine dark rose tulip shading much lighter at the edges. The large flowers have an elongated form and carry themselves in a most stately manner on tall straight stems. **3 for 45c, 12 for \$1.60.**

CAROLINE TESTOUT. This is a beautiful soft pink with large white base and no other color or shading. It is unquestionably one of the best light pink tulips because not only is the color lovely but the flower is attractively formed and lasts unusually well. **3 for 40c, 12 for \$1.50.**

KATHLEEN PARLOW. Exquisite shell pink, silvery at the edges. Large white base. It is large and tall and altogether a splendid variety. **3 for 40c, 12 for \$1.50.**

VENUS

ARISTOCRAT

MR. VAN ZIJL. This impresses us as being about the finest clear rose pink tulip of them all. The color is a clear and pure rose with beautiful shading of very light pink at the margin. The large cup-shaped flowers have excellent substance. **3 for 40c, 12 for \$1.50.**

PRIDE OF ZWANENBURG. We put this in our collection of "Twelve Outstanding Tulips" because we believe it is the best of the deeper pink tulips and one of the best in any color. The giant flowers are bright rose pink suffused with rose red. The stems are very tall and straight. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

THE PEACH. Large beautiful blossoms of clear rose pink shaded peach red. An early variety that is unusually long lasting. 27 inches. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

TUBERGEN'S GLORY. Great cup-shaped flowers of brilliant salmon rose-red—deep and rich. The impressive blossoms are supported by 30-inch strong stems. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

VENUS. A noble variety with large cup-shaped flowers of splendid substance. The color is deep silvery rose with white. Deep silvery rose with white center. **3 for 40c, 12 for \$1.50, 100 for \$11.25.**

COLLECTION OF COTTAGE TULIPS

Six of the choicest Cottage Tulips. Prize winners of exhibition quality. Attractive bright colors and beautifully formed blossoms for the garden or for cutting.

1. **ALBINO.** Pure white.
2. **BARBARA PRATT.** Cherry pink.
3. **BELLE JAUNE.** Deepest yellow.
4. **GOLDEN HARVEST.** Lemon yellow.
5. **HENRI CORREVON.** Clearest red.
6. **MARJORIE BOWEN.** Rose pink and salmon.

5 each (30 bulbs) \$ 3.65

12 each (72 bulbs) \$ 8.35

25 each (150 bulbs) \$16.50

CLARA BUTT

CLARA BUTT. No other tulip is held in such deep affection by garden lovers the world over as the lovely soft pure pink Clara Butt. It should be in every garden. The medium size flowers are perfect for cutting. This variety is so free flowering we are listing a size smaller than our usual top-size. First size bulbs, 12 for \$1.10, 100 for \$8.00. Top-size bulbs, 12 for \$1.35, 100 for \$10.00.

LIGHTER LAVENDER

GEORGE GRAPPE. See page 23. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

INSURPASSABLE. A beautiful orchid-lavender tulip with white center. More attractive than the picture—not so pinkish. This variety has good substance and strong stems and is quite the best tulip in its color class. 3 for 45c, 12 for \$1.65.

KING MAUVE. A magnificent big tulip of light lavender shaded with deeper lavender. Many experts consider this the best of the light lavender tulips. Lovely to plant with a light yellow variety such as Golden Harvest. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

INSURPASSABLE

LAVENDER AND PURPLE

MADAME BUTTERFLY. Lovely pale mauve shaded violet, white base and black anthers. A beautifully shaped rather long flower on a strong stiff stem, 30 inches high. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

SCOTCH LASSIE. A superb lavender tulip of a deep shade, darker than those listed as "Lighter Lavender". Large substantial flowers of excellent lasting quality. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

DARK PURPLE AND MAROON

DEMETER. This is the first of the Darwin Tulips to bloom and right welcome it is so early in the season. The blossoms are very large on tall strong stems and last exceptionally well. The color is rich violet blue with white base. 3 for 45c, 12 for \$1.60.

JUBILEE. Among the medium dark blue-purple tulips this is certainly one of the very best. The very large blossoms have rich glistening color and firm texture. Height 28 inches. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

QUEEN OF THE NIGHT. A new variety that is one of the darkest tulips yet introduced. Many say it is the darkest tulip. It has a very large oval flower of extremely dark purple-maroon with velvety sheen. The foliage has a distinct bluish tone. Height 30 inches. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

THE BISHOP

THE BISHOP. Magnificent large flowers of bright, clear violet-blue. A choice variety that would be delightful flowering above a carpet of yellow pansies or primroses. If combined with the dark yellow tulip Golden Age the effect would be impressive. 3 for 45c, 12 for \$1.70, 100 for \$12.70.

LA TULIPE NOIRE. The original and famous "Black Tulip". It is a very dark maroon-black with a velvety sheen. Unusually strong stems. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

LA TULIPE NOIRE

COLLECTION OF DARWIN TULIPS

Eight giant Darwins chosen for quality and beauty in the different color classes. Large cup-shaped flowers of heavy substance on tall, strong stems.

Our Superior YELLOW TULIPS

COTTAGE

ALASKA. Described on page 16. 3 for 40c, 12 for \$1.40.

BELLE JAUNE. Very large elongated flowers of rich Indian yellow—the deepest yellow of these Cottage tulips. It is a splendid variety with tall stems and good foliage. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

COLUMBUS (Gala Beauty). A very old variety mentioned in 1620, appears in several old paintings. Golden yellow with flames of vermillion. Pointed flower, sweet scented. 3 for 45c, 12 for \$1.60.

GOLDEN DUCHESS. Described on page 16. 3 for 55c, 12 for \$2.00.

GOLDEN HARVEST. The cup-shaped blossoms are unusually large, the stems tall and strong and the whole plant shows unusual vigor. The color is bright clear lemon-yellow. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

INGLESCOMBE YELLOW. Often called the “Yellow Darwin” as it has the true Darwin shape. Large size flowers of glossy canary-yellow on good stems of medium length. Flowers splendidly from smaller size bulbs. First size bulbs, 12 for \$1.10, 100 for \$8.25. Top size bulbs, 12 for \$1.35, 100 for \$10.00.

MRS. JOHN T. SCHEEPERS. This is our choice as the best golden yellow tulip. The color is superb—clear bright gold. The flowers are very large and have a beautiful elongated form. The whole plant shows great vigor with tall sturdy stems. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

DARWINS

GOLDEN AGE. The beautiful deep golden yellow flowers are shaded at the borders of the petals with bright golden orange. The illustration shows the splendid shape of this superb variety but does not catch this lovely shaded effect. It is unquestionably one of the best deep yellow tulips. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

NIPHETOS. We think that this is one of the most beautiful tulips that we grow. The color is soft primrose yellow turning to pale ivory yellow when fully developed. The large blossoms are attractively formed—rather long, the outer petals somewhat recurved. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

SUNKIST. Dark rich gold unmarked by any other color. Long lasting flowers of beautiful shape on strong stems of medium height. One of our special favorites this year. 3 for 40c, 12 for \$1.40; 100 for \$10.50.

YELLOW GIANT. Large cup-shaped flowers of rich golden yellow, sometimes tinted bronze at the tip of the petals. Unusually tall stems. We believe Golden Age is a much better variety. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

GOLDEN AGE

BRONZE QUEEN

*The tulips and daffodils I bought
from you were the talk of the town.

INGLESCOMBE
YELLOW

LOUIS XIV

Conley's Rainbow Tulip Mixture

This assortment contains hundreds of the very finest varieties in the long-stemmed, large-flowered types. All colors are to be found in the mixture — and the Darwin, Cottage, Breeder, Lily Flowered and new Hybrid classes are represented.

These choice bulbs are offered in three grades which differ in size but not in quality. All grades represent real value in highest quality bulbs carefully sorted and hand picked. We sold many thousands of these bulbs during the last few years and have had many expressions of satisfaction from our customers. We believe the assortment is better than ever this year.

TOP SIZE

These are the largest and finest bulbs obtainable and will provide you with the largest and finest flowers possible. 1½ inches in diameter, about 4¾ inches and up in circumference.

22 for \$2.00, 100 for \$8.00

FIRST SIZE

Only slightly smaller than top size, actually for some good varieties it is top size. These bulbs will produce blooms of excellent quality almost as large as top size. 1¾ in. in diameter.

30 for \$2.00, 100 for \$6.00

SECOND SIZE

1¼ inches in diameter. Good medium size bulbs that can be relied on to produce very satisfactory flowers. Especially good for mass effects or for cutting.

40 for \$2.00, 100 for \$4.50

The Distinctive BREEDER TULIPS

These magnificent tulips with their rich shading and blends do not fall easily into color classifications of the other types so we are placing them here in a separate group. In height, size of flower, time of blooming, etc., they may be grouped with the Darwin Tulips. Many of the Breeder Tulips are rather dull and somber but the varieties below are rich and lustrous.

COLLECTION OF BREEDER TULIPS

The seven wonderful named varieties described here. A collection fine enough to enrich any garden.

3 each (21 bulbs) \$ 2.85

6 each (42 bulbs) \$ 5.35

12 each (84 bulbs) \$10.00

ADMIRAL TROMP. One of the finest of the newer Breeders. Bright orange-red shaded salmon, lighter at the edges. As with all these varieties the blossoms are large and the stems tall and strong. Highly recommended. 3 for 40c, 12 for \$1.50, 100 for \$10.50.

BRONZE QUEEN. A beautiful light bronze tulip of largest size and very tall stem. The inside of the huge cup is golden bronze, the outside is the same color with a slight tinge of violet. 3 for 40c, 12 for \$1.40, 100 for \$10.50.

CHERBOURG. A very imposing tulip of giant size. The base color is deep golden yellow overlaid with terra cotta and flushed with bronze on the outer petals. Height 32 inches. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

GEORGE GRAPPE. Not of the bronze or blended type but pure soft lavender-blue throughout except for the brilliant steel blue base. One of the largest and tallest tulips in our plantings. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

INDIAN CHIEF. A handsome tulip of giant size and finest quality. The color is a unique blending of reddish-mahogany and coppery-brown. The base is yellow and the inside shows more yellow in the coloring. The outside has a glistening metallic sheen. Height 32 inches. 3 for 40c, 12 for \$1.50, 100 for \$10.50.

LOUIS XIV. This variety well deserves its great popularity. Large rich appearing flowers of dark blue-violet flushed bronze with margin of golden bronze. 34 inches. 3 for 40c, 12 for \$1.50, 100 for \$11.25.

SONATE. For years we have considered this one of the most beautiful and pleasing tulips. The color is bright salmon orange shading to yellow at the edges and flashed carmine inside. Of course, the flower is large and the stem is strong and tall. 3 for 45c, 12 for \$1.60, 100 for \$12.00.

MIXED BREEDER TULIPS. The Breeder tulips with their rich colorings blend together to make an unusually fine mixture. The varieties above and many others are included. Top size bulbs, 12 for \$1.40, 100 for \$10.50.

DUTCH IRIS

THE DUTCH IRIS

The popularity of the bulbous iris (Dutch, Spanish and English) increases each year as more people learn of the great beauty and ease of culture of these bulbs. Because of their beautiful, harmonious colors and long lasting qualities they are unexcelled among the bulb flowers for either garden or cut flowers. By proper choice of varieties one can spread the blooming period over two months or more. The season starts with Wedgwood during the Darwin Tulip season and ends with the English Iris in June.

A. BLOEMAARD. One of the earliest of the Dutch Irises. Large flower with dark purplish blue standards, deep blue falls with narrow orange stripe. 12 for 80c, 100 for \$6.00.

BLUE HORIZON (S. de Vlieger). Very beautiful light blue iris of large size. Good stem and foliage. The very broad and strong falls are soft blue. 12 for \$1.00, 100 for \$7.50.

CAJANUS (Spanish Iris). A splendid tall graceful canary yellow iris—one of the most beautiful of all yellow irises. Later flowering than the Dutch Iris. 12 for \$1.00, 100 for \$7.50.

D. HARING (White Glory). A splendid tall vigorous white iris. The large flowers are pure white except for the narrow yellow mark on the falls and a faint tinge of lavender in the standards when it first opens. 12 for \$1.00, 100 for \$7.50.

THREE SUPERIOR IRIS

Collection 1-2

White Superior

H. C. Van Vliet

Golden Harvest

Three varieties, definitely superior to older sorts. Now very reasonably priced.

12 each (36) \$3.35

25 each (75) \$6.50

GOLDEN HARVEST. A magnificent new variety. Tall and strong growing. Large flowers with dark yellow falls shaded orange at the midrib, lighter yellow standards and interior. 12 for \$1.20, 100 for \$9.00.

H. C. VAN VLIET. A beautiful medium blue iris somewhat darker than Blue Horizon. Tall and strong growing. 12 for \$1.00, 100 for \$7.50.

HUCHTENBURG. A tall growing iris of large size and attractive coloring. The falls are deep yellow and the uprights are very pale blue passing to white. 12 for \$1.00, 100 for \$7.50.

IMPERATOR (Filifolia). Later blooming than the true Dutch Irises, connecting them with the Spanish. Deep blue standards and falls. Large, free flowering and a vigorous grower. 12 for 80c, 100 for \$6.00.

INDIAN CHIEF (W. Verschuur). An interesting and attractive novelty providing an unusual shade in the Dutch Irises. The falls are yellowish bronze, standards light violet shaded bronze. 12 for \$1.20, 100 for \$9.00.

VIOLET QUEEN (W. Zuiderveld). The coloring of this iris is quite unique and difficult to describe—perhaps light violet-lilac gives some idea of the unusual shade. A large strong growing variety. 12 for \$1.00, 100 for \$7.50.

WEDGWOOD (Tingitana Hybrid). A very early type, flowering fully two weeks before the regular Dutch Iris. The flowers are light wedgwood blue and are large in size and carried on strong stems. 12 for \$1.00, 100 for \$7.50.

WHITE EXCELSIOR. Large pure white flowers of very good form and substance. Medium height. Early. 12 for \$1.25, 100 for \$9.00.

WHITE SUPERIOR. A superb variety, the best of the medium priced white iris. Very large and tall. The flowers are pure white marked with a sulphur yellow stripe. 12 for \$1.50, 100 for \$11.25.

YELLOW QUEEN. Clear golden yellow flowers of medium size on tall slender stems. Very free flowering. Much used as a cut flower. 12 for 80c, 100 for \$6.00.

MIXED DUTCH IRIS. An excellent mixture made up from our named varieties in a wide range of colors. 12 for 60c, 100 for \$4.00, 1000 for \$36.00.

DUTCH IRIS

SPECIAL COLLECTION OF DUTCH IRIS

Collection I-1

Four splendid distinct varieties are used to make up this collection—one each of dark blue, light blue, yellow and white. Large strong bulbs are chosen and each kind marked with a variety name. This is a good collection, especially recommended for those who have not tried Dutch Iris before.

8 each, 4 varieties (32 bulbs) \$ 2.00

12 each, 4 varieties (48 bulbs) \$ 3.00

25 each, 4 varieties (100 bulbs) \$ 6.00

100 each, 4 varieties (400 bulbs) \$23.50

My English Iris bloomed this spring and were beautiful. I have been told they wouldn't bloom here so I was delighted to find that they would.

Mrs. I. H., Medicine Lodge, Kansas.

NEW DUTCH IRIS

During recent years there has been developed some sensational new varieties of Dutch Iris. As compared to the older varieties the flowers are larger, the stems taller and stronger and the colors are more clear and brilliant. We are proud to be able to offer these marvelous introductions and recommend them to you.

BELLE JAUNE. Large flowers of deep orange yellow. Much darker than Golden Harvest. 3 for 50c, 12 for \$1.80.

BLUE CHAMPION. Brilliant porcelain blue. Beautifully formed flowers. An early giant. 3 for 55c, 12 for \$2.00.

BLUE PEARL. Deep violet-blue. Very large and tall. An outstanding variety. 3 for 35c, 12 for \$1.20.

BRONZE BEAUTY. Standards violet blue, falls olive green with orange mark. A large flower of distinct color. 3 for 35c, 12 for \$1.20.

DELFT BLUE. Pure and clear delft blue color. 3 for 40c, 12 for \$1.50.

KING MAUVE. Exceptionally large flower of deep violet-mauve, a true orchid color. 3 for 45c, 12 for \$1.60.

LEMOGUL. Deep bronze standards and olive-bronze lip, almost a self-colored brown-bronze iris. Very late. 3 for 35c, 12 for \$1.20.

LEMON QUEEN. Beautiful lemon-yellow standards, slightly crenated sulphur-yellow falls. At last a superb large light yellow iris. 3 for 55c, 12 for \$2.00.

MAUVE QUEEN. Light lavender mauve with silvery blue lip. An outstanding new color. Very large and substantial flower. 3 for 55c, 12 for \$2.00.

PRINCESS BEATRIX. Outstanding deep yellow iris of great size. 3 for 65c, 12 for \$2.40.

PRINCESS IRENE. A striking novelty with orange-yellow falls and clear white standards. 3 for 65c, 12 for \$2.40.

WHITE PEARL. Enormous flowers of pure white. An outstanding introduction. 3 for 70c, 12 for \$2.50.

COLLECTION OF NEW DUTCH IRIS

Collection I-3

The 12 outstanding new hybrids listed above, worthy of a place in any garden.

3 each (36 bulbs) \$5.75, 5 each (60 bulbs) \$9.00, 10 each (120 bulbs) \$17.50

ENGLISH IRIS

MIXED SEEDLINGS

The English Iris are among the most beautiful of all Irises. The shades of color are most delightful, ranging from white through light blue, orchid and lavender to dark blue and purple. The foliage is deep green, long and slender. These seedling grown bulbs that we offer are smooth and clean and are much more vigorous and healthy than other stock. The bulbs should be planted as early in the fall as is possible. Any good garden soil is satisfactory if it has an ample supply of moisture. Not recommended for the warm southern states. 12 for \$1.25, 100 for \$9.25.

IRIS RETICULA

An enchanting dwarf iris that blooms very early in the spring, usually with the crocuses. In shape it closely resembles the Dutch Iris and the blossoms are surprisingly large for so small a plant. The stems are about six inches high. The flowers have a decided violet-like fragrance. We highly recommend this little iris for growing in pots; its early flowering, lovely color and sweet fragrance make it ideal for this purpose.

RETICULATA SPECIES. Rich violet-blue with a bright golden mark on the falls. 3 for 35c, 12 for \$1.25, 100 for \$9.35.

RETICULATA S. J. DIJT. The flowers are like the above but deep reddish-purple in color. 3 for 35c, 12 for \$1.25, 100 for \$9.35.

ENGLISH IRIS

BABY GLADIOLUS

Graceful

BABY GLADIOLUS

A distinct race of gladioli entirely different in appearance and culture from the ordinary garden type. These bulbs must be planted in the fall or early winter—we prefer October and November—and are hardy to about 10 degrees F. In colder climates they can be successfully grown in a cool greenhouse.

This type of gladiolus has a light and graceful appearance. They are attractive garden plants and are much used for corsages and bouquets.

AMANDA MAY. Beautiful salmon pink with small violet marks on the lower petals. A splendid new variety. 12 for \$1.35, 100 for \$10.00.

NYMPH. We consider this the finest of all the varieties. Rather tall growing with long spikes of large white flowers marked with crimson in the throat. 12 for \$1.50, 100 for \$11.25.

PEACH BLOSSOM. Exquisite soft pink blossoms on graceful spikes of medium height. Free flowering and rapid of increase. 12 for \$1.35, 100 for \$10.00.

SPITFIRE. The hardiest and most vigorous of the baby glads. Splendid spikes of brilliant salmon red. Highly recommended. 12 for \$1.35, 100 for \$10.00.

THE BRIDE (Colvillei). A distinct slender tall growing sort with lovely pure white flowers. 12 for \$1.35, 100 for \$10.00.

BABY GLADIOLUS COLLECTION

The five beautiful named varieties. A more charming group would be hard to find.

6 each (30 bulbs) \$ 3.30
12 each (60 bulbs) \$ 6.50
25 each (125 bulbs) \$12.25

MIXED BABY GLADS. An excellent mixture, containing the varieties described and several other beautiful kinds. 12 for \$1.25, 100 for \$9.35.

GALANTHUS (Snowdrop)

ERANTHIS HYEMALIS (Winter Aconite)

LEUCOJUM (Snow Flake)

IXIAS

TRITELEIA (Spring Star Flower)

MINIATURE SPRING FLOWERS

CHIONODOXA (Glory of the Snow)

One of the loveliest little flowers of the very early spring. Each bulb produces several spikes bearing about a dozen charming little florets. The bulbs increase rapidly and form attractive groups.

LUCILIAE. Delightful little flowers of bright blue with white centers. 12 for 50c, 100 for \$3.50.

LUCILIAE ALBA. The pure white form. Charming. 12 for 65c, 100 for \$4.90.

LUCILIAE ROSEA. Beautiful rose pink. A rare form that is a jewel for the rock garden. 12 for 75c, 100 for \$5.60.

THREE COLORS OF CHIONODOXA.
12 each (36 bulbs) for \$1.75

ERANTHIS HYEMALIS (Winter Aconite)

These cheerful golden flowers appear very early in the spring, usually before the crocuses. The little golden cups, wearing frilled green collars, are on three-inch stems. Plant only two inches deep. They often increase from self-sown seed. 12 for 50c, 100 for \$3.50.

FRITILLARIA MELEAGRIS

MIXED. The guinea hen flower. Curious little bell-shaped flowers that are variously checkered and mottled with shades of purple on a white or yellowish ground. Plant about six inches deep in full sun or partial shade. 12 for 50c, 100 for \$3.50.

GALANTHUS (Snowdrops)

IVALIS. Nodding white blossoms with green tips, often flowering in December. Very hardy and permanent. 12 for 80c, 100 for \$6.00.

IVALIS FLORE PLENO (The double Snowdrop). Like the above except that the center is filled with green tipped white petals. 12 for \$1.00, 100 for \$7.50.

IXIAS

MIXED. Graceful stems bearing numerous florets in a wide range of colors—shades of red, pink, yellow and white. Long lasting in the garden or when cut. 12 for 50c, 100 for \$3.50.

LEUCOJUM AESTIVUM (Snowflake)

Delightful white flowers with green tips somewhat like the snowdrops but much taller and later flowering. When established they produce numerous spikes bearing three or four florets that are very nice for cutting. The bulb is similar to a small narcissus bulb and the culture is the same as for narcissi. 12 for \$1.20, 100 for \$9.00.

MUSCARI

HEAVENLY BLUE. A splendid variety for mass planting as it increases rapidly. Each bulb produces several spikes of bloom in succession. The color is a bright deep blue. 12 for 50c, 100 for \$3.75.

EARLY GIANT. An extra good variety bearing large spikes of deep cobalt blue. 12 for 60c, 100 for \$4.50.

BOTRIODES ALBUS ("Pearls of Spain"). Charming clusters of pure white pearls. Attractive alone or planted with the blue varieties. 12 for 70c, 100 for \$5.00.

PLUMOSUS (The Plume Hyacinth) Unusual and attractive feathery plumes of light violet filaments. A remarkable flower. Flowers in May. About 8 in. high. 12 for 60c, 100 for \$4.50.

TRITELEIA UNIFLORA VIOLACEA (Spring Star Flower)

Each 3-inch stem bears a single pale blue flower with white center. Delightfully fragrant. Excellent in the rockery or under trees or shrubs. The bulbs increase rapidly and soon carpet the ground. 12 for 70c, 100 for \$5.00.

MUSCARI PLUMOSUS

FIRST ARRIVALS OF SPRING COLLECTION

To brighten the dark days of late winter and early spring plant this collection of the very earliest little bulb flowers.

Chionodoxa Luciliae, *Eranthis Hyemalis*, *Galanthus Nivalis*, *Scilla Sibirica* Spring Beauty, *Crocus Whitewell Purple* and *Crocus Susianus*.

12 each (72 bulbs) \$ 3.35

25 each (150 bulbs) \$ 6.50

100 each (600 bulbs) \$24.00

CHIONODOXA, LUCILIAE

CROCUSES

Your bulbs are the finest I have seen anywhere.

*Mr. H. G. H.,
Oakland, Calif.*

COLLECTION OF LARGE FLOWERING CROCUSES

12 each of the five named varieties (60 bulbs) for \$2.50

25 each (125 bulbs) for \$ 4.70

100 each (500 bulbs) for \$17.50

MIXED CROCUS

CROCUS SPECIES FOR EARLIEST FLOWERS

These cheerful little flowers are very early—often flowering with the snowdrops weeks ahead of the large flowering crocuses. What they lack in size they make up in quantity, being very free flowering.

CHRYSANTHUS SNOWBUNTING. Very early pure white. 12 for 60c, 100 for \$4.50.

SIEBERI. Clear lilac with deep golden center. Charming for growing in bowls. 12 for 50c, 100 for \$3.75.

SUSIANUS. Deep golden yellow veined on the outside with brownish-purple. Recommended for naturalizing. 12 for 50c, 100 for \$3.50.

TOMMASSINIANUS WHITEWELL PURPLE. Masses of deep purple flowers in late winter. Highly recommended. 12 for 50c, 100 for \$3.50.

VERNUS VANGUARD. Beautiful delicate blue. Early and free flowering. Excellent for naturalizing. 12 for 50c, 100 for \$3.50.

COLLECTION OF CROCUS SPECIES

The five above varieties to provide a wealth of flowers in earliest spring. 12 each (60 bulbs) \$2.35, 25 each (125 bulbs) \$4.50, 100 each (500 bulbs) \$17.25.

LARGE FLOWERING VARIETIES

GOLDEN YELLOW. Rich yellow blossoms of good size borne in lavish profusion. Our top size bulbs make up to 15 blooms each. 12 for 70c, 100 for \$5.25.

KATHLEEN PARLOW. Very large pure white with conspicuous orange anthers. 12 for 60c, 100 for \$4.50.

PURPUREA GRANDIFLORA. Deep glossy purple. Extra large flowers of unusually heavy substance. 12 for 60c, 100 for \$4.50.

QUEEN OF THE BLUES. Pure lilac-blue. The best of the light blue varieties. 12 for 50c, 100 for \$3.50.

STRIPED BEAUTY. Large flowers of dark mauve with white stripes. 12 for 50c, 100 for \$3.50.

LARGE FLOWERING CROCUSES MIXED

A choice mixture made up from splendid named varieties in a wide color range. Largest size bulbs. 12 for 50c, 100 for \$3.50. Good blooming size bulbs, 17 for 50c, 100 for \$2.60.

SCILLA CAMPANULATA

SIBIRICA

SPRING BEAUTY. A very early bright blue flower of a most enchanting shade. Several open bells on slender stems about 6 inches high. Much larger and better than the regular type of Scilla Sibirica. 12 for 75c, 100 for \$5.50.

SCILLAS

CAMPANULATA

The scillas are most satisfactory bulbs for naturalizing and borders. They thrive in woodland or full sun and increase in beauty from year to year. The campanulata (hispanica) varieties have erect stems 10 to 12 inches high—higher in rich, shady places.

CAMPANULATA MIXED. Excellent mixture of all colors. 12 for 50c, 100 for \$3.50.

LA GRANDESE. Pure white. An excellent tall growing variety with large bells. The spikes somewhat resemble Lily of the Valley. 12 for 50c, 100 for \$3.75.

BLUE QUEEN. A fine porcelain blue with large flowers. 12 for 50c, 100 for \$3.75.

ROSE QUEEN. Soft rose pink flowers that are especially attractive. 12 for 60c, 100 for \$4.50.

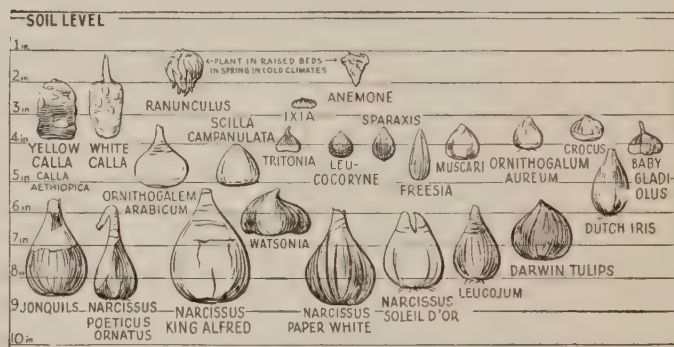

THREE COLORS OF SCILLAS

12 each (36 bulbs) for \$1.50

25 each (75 bulbs) for \$2.80

CAMPANULATA EXCELSIOR. A tall vigorous plant with much larger flowers and stronger stems than other varieties. A delightful shade of lavender blue. It is a lovely companion for the later yellow tulips. 12 for 60c, 100 for \$4.50.

BULB PLANTING CHART

NATIVE BULBS

BRODIAEAS

FINEST FORMULA MIXED. Long lasting blossoms in large clusters or umbels on tall slender but strong stems. A splendid assortment of the different types including white, yellow and several shades of blue. 12 for 60c, 100 for \$4.50.

CALOCHORTI

MARIPOSA OR BUTTERFLY TULIPS MIXED. Beautiful cup shaped flowers of yellow, lavender and white with a large spot of purple, black or maroon on each petal—"Like Butterfly Wings". Easily grown in full sun with good drainage. A splendid mixture. 12 for 75c, 100 for \$5.65.

GLOBE STAR AND MARIPOSA TULIPS MIXED. Interesting and beautiful flowers in many forms and colors—cat's ears, fairy lanterns and butterfly tulips. 12 for 75c, 100 for \$5.65.

MERTENSIA

VIRGINICA. One of the most beautiful plants to combine with the late daffodils and tulips. The blossoms are a lovely combination of soft pink and porcelain blue in pendant clusters on stems up to two feet high. Splendid for naturalizing. 3 for 70c, 12 for \$2.50.

ERYTHRONIUMS

Charming and beloved flowers from the mountains and valleys of the Pacific Coast. Lily like blossoms in a variety of soft shades above richly mottled foliage. Plant the bulbs promptly about 3 inches deep. They prefer partial shade and a soil rich in leafmold.

HELENAE (Californicum Bicolor). The outer half of the petals is pure white, the central part golden yellow. Fragrant. The bulbs increase rapidly. 12 for 80c.

HENDERSONII. Beautiful deep lavender flowers with a zone of creamy white and a deep maroon base. 12 for 80c.

OREGONUM (Giganteum). Large flowers of creamy-white banded toward the center with maroon. Branching stems about a foot high. Leaves strikingly mottled with dark brown. 12 for 90c.

REVOLUTUM LILAC-PINK BEAUTY. Lovely soft lavender-pink flowers. The stems are long and carry from one to four of the beautifully tinted large blossoms. 12 for \$1.25.

MIXED ERYTHRONIUMS. An excellent mixture of the different types and colors. 12 for 75c, 100 for \$5.65.

TRILLIUM

OVATUM. The finest of the trilliums. The large blossoms open pure white, gradually turn pink and finally become deep wine-purple. This bulb likes shade and leafmold. 3 for 35c, 12 for \$1.25.

ERYTHRONIUMS

COLORFUL RANUNCULI

Exact selection and expert growing has made the Tecolote Giants the best strain of ranunculi on the market. The flowers are large and fully double. The bulbs are carefully cured and graded.

TECOLOTE GIANTS MIXED. A superior mixture containing all the superb colorings of this beautiful flower—red, pink, orange, yellow and white.

Top Size. This size will make exceptionally large clumps. For those who want the best. 12 for \$1.10, 100 for \$8.25.

First Size. Splendid large roots. Probably the best and most economical size for general planting. 12 for 70c, 100 for \$5.25.

Second Size. The flowers will be of the same high quality but not so many per plant. 15 for 50c, 100 for \$3.00.

GOLDEN YELLOW. Splendid large double flowers of brilliant golden yellow. One of the finest ranunculi. 12 for \$1.00, 100 for \$7.50.

ORANGE. A selection that has attracted much attention because of the brilliance of the color. 12 for \$1.00, 100 for \$7.50.

PINK. Delightful pink flowers in many shades. 12 for \$1.00, 100 for \$7.50.

RED. Brilliant orange-red to deep crimson. 12 for \$1.00, 100 for \$7.50.

WHITE. Beautiful double white flowers often showing green shadings in the center. 12 for \$1.00, 100 for \$7.50.

RANUNCULUS

COLLECTION OF RANUNCULI

The five beautiful and distinct colors listed above.

6 each (30 bulbs)	\$ 2.35
12 each (60 bulbs)	\$ 4.50
25 each (125 bulbs)	\$ 8.95
100 each (500 bulbs)	\$35.60

ST. BRIGID ANEMONES

BRILLIANT ANEMONES

The anemones bring a profusion of color and brightness to the garden with small effort or expense. Each bulb may produce a dozen or more flower stems, spreading the flowering over a long period in the late winter and spring. These bulbs will stand considerable freezing, probably down to 10 degrees F. They may also be planted in the early spring.

MONARCH DE CAEN. A strong growing strain of the single poppy anemone. Large flowers in shades of red, pink, lavender, blue and white. 12 for 70c, 100 for \$5.00.

ST. BRIGID CREAGH CASTLE. Large double flowers in appealing shades of red, pink, blue, lavender and white. Long stems and attractive deep green foliage. 12 for 85c, 100 for \$6.40.

BLUE POPPY. A beautiful strain of deep blue. Large single flowers on strong stems. 12 for 85c, 100 for \$6.40.

HIS EXCELLENCY. Vivid red flowers with a white base. Large single poppy type anemone. 12 for 85c, 100 for \$6.40.

THE BRIDE. Large single pure white. Strong and vigorous. Stamens and central boss are white, slightly tinged green. 12 for 85c, 100 for \$6.40.

Red White and Blue ANEMONE COLLECTION

12 each of three separate colors (36 bulbs)	for \$2.45
25 each (75 bulbs)	\$ 4.75
100 each (300 bulbs)	\$18.75

FREESIAS

These freesias are much superior to the older varieties. The flowers are larger, the stems are longer and stronger and the plants are more vigorous. The flowers often measure more than 2½ inches across. They have beautiful clear colors and delightful fragrance. Freesias will withstand several degrees of frost and are easily grown in a cool greenhouse.

MAMMOTH WHITE. A splendid new pure white freesia with exceptionally large flowers. It blooms very early. 12 for 80c, 100 for \$6.00.

TECOLOTE HYBRIDS MIXED. A splendid mixture containing the different shades of these new hybrids in yellow, red, blue, pink and white. Vastly superior to ordinary mixed freesias. 12 for 75c, 100 for \$5.50.

SPARAXIS

TECOLOTE HYBRIDS. The highly colored blossoms with their vividly contrasting centers make a very effective display. Most of the flowers are shades of red, orange and salmon with centers of black, violet, or yellow. Others have no markings. Plant in fall or early winter, 3 inches deep, in full sun. Give some protection in very cold weather. 12 for 70c, 100 for \$5.00.

FREESIAS
TECOLOTE
HYBRIDS

CROFT LILY

THE LILIES

For beauty and fragrance in the summer there are no flowers to compare with the lilies. Unfortunately many people are afraid to try lilies because they think they are difficult to grow. The varieties listed below are all of easy culture and require a minimum of care.

LONGIFLORUM CROFT. The Croft Lily. The finest of the low growing lilies for forcing, and an excelling garden lily also. Very large pure white trumpets of heavy substance on a plant about a foot and a half high with heavy wide foliage. **Each 30c, 3 for 85c, 12 for \$3.00.** Extra large bulbs, **Each 50c, 3 for \$1.40, 12 for \$5.00.**

LONGIFLORUM ESTATE. The Estate Lily. Similar to the Croft but taller and a better garden plant for most locations. Under glass it reaches a height of five feet with immense waxy white trumpets of superb quality. **Each 50c, 3 for \$1.40, 12 for \$5.00.**

SUNSET LILY

AMABILE. Brilliant grenadine-red, black spotted, on strong slender 3 ft. stems. Recurved blossoms of medium size very freely produced. Does not fade in full sun. **Each 50c, 3 for \$1.40, 12 for \$5.00.**

AMABILE LUTEUM. A rare form of the above with lovely yellow blossoms. Seedlings from parents outstanding as to color, size and placement of flowers. **Each 75c, 3 for \$2.00, 12 for \$7.50.**

AURATUM SELECTED STOCK (Gold Band Lily). Until recently success with this magnificent lily has been difficult because of the diseased condition of the only bulbs available. With our disease-free seed-grown bulbs there should be no special trouble. The huge white blossoms are broadly banded down the center of the petals with golden yellow. August and September flowering. Stems 4 to 6 ft. high. **Each \$1.25, 3 for \$3.50, 12 for \$12.50.**

CANDIDUM (Madonna or St. Joseph's Lily). A tall stately lily with pure waxy white blossoms. Delicious fragrance. Early June to July flowering. Plant in early fall, preferably in open sun where ground will dry out in late summer. Does not like acid soil. Do not cover more than 2 inches. **No shipments after October 1st.** Strong flowering size bulbs, **Each 35c, 3 for \$1.00, 12 for \$3.50.** Large bulbs, **Each 60c, 3 for \$1.65, 12 for \$6.00.**

CANDIDUM Cascade Strain. An outstanding new strain of this oldest lily in cultivation. Raised from seed, these plants show unusual vigor and a great resistance to botrytis. The stems are tall and straight, bearing large blossoms of splendid texture and perfect form. Growing conditions same as for the regular type. Delivery in late August. **Each 60c, 3 for \$1.65, 12 for \$6.00.**

HENRYI. "The Orange Speciosum". Recurved blossoms of soft orange-yellow marked with green in the center. Up to 20 flowers on 5- to 8-foot stems. Plant in partial shade. August flowering. **Each 40c, 3 for \$1.10, 12 for \$4.00.**

HUMBOLTII MAGNIFICUM. A grand lily usually growing 4 to 5 ft. tall with very strong stem bearing many large flowers of clear orange with small maroon dots. Stem rooting, easily grown and free flowering. **Each \$1.00, 3 for \$2.75.**

MARTIGON ALBUM. Pure white form of the Turk's Cap lily. The dainty waxy recurved flowers form a symmetrical pyramid on 4 ft. stems. Plant 4 in. deep among low shrubs in well drained soil. Increases by division and is very permanent. **Each \$1.00, 3 for \$2.75.**

MAXWILL. A distinct improvement over L. Willmottiae. Tall straight stems bearing 20 to 30 bright orange recurved blossoms. Trouble free and disease resistant. **Each 45c, 3 for \$1.25, 12 for \$4.50.**

REGALE. A most dependable and hardy trumpet lily which is worthy of a place in any garden. The large recurving trumpets are white shading to yellow in the throat. The ribs on the outside are brown. It is very floriferous and when established bears up to two dozen flowers. Blooming size (5-6 in.), **3 for 50c, 12 for \$1.75, 100 for \$13.00.** Medium size (6-7 in.), **3 for 70c, 12 for \$2.50, 100 for \$18.75.** Large size (7-9 in.), **Each 35c, 3 for \$1.00, 12 for \$3.50.** Extra large bulbs (9 in. and up), **Each 50c, 3 for \$1.40, 12 for \$5.00.**

PARDALINUM GIGANTEUM

(Sunset Lily). A very popular lily of brilliant coloring and vigorous growth. When established the strong stems are five to seven feet high with as many as 40 flowers. The outer part of the recurved flower is bright scarlet, the center is chrome yellow dotted maroon. It grows well in almost any soil and under a wide variety of conditions but should have an ample supply of moisture during the growing season. **Each 30c, 3 for 85c, 12 for \$3.00.**

L. MARTAGON ALBUM

Conley's CHOICE SEEDS

Companions for the Fall-Planted Bulbs

Because of repeated inquiries from our customers for seeds of plants to accompany the fall planted bulbs we are offering this year a few carefully selected items. This small list has been chosen with great care to give you the finest seeds of these flowers.

These seeds are direct from the originators and we can recommend them with the utmost confidence. Particularly so, since we have grown plants from these same seeds with great satisfaction over many years.

Pacific Hybrid DELPHINIUMS

Entirely outstanding is this **Round Table Series**, an assortment made up of all the shades and colors of the named varieties of the Knights and their Ladies of the recent introductions of the Pacific Hybrids. Exquisite blue florets on stately stems or tall rich purples, or glistening white flowers, all magnificent and unusual in their formations and colorings. These fine flowers so perfectly formed and arranged on their tall stems are the perfect accompaniment of the lilies, especially the Regal, Madonna or Testaceums. What a grand showing one can make in his garden for a small outlay.

Over 200 seeds for \$1.25

Delphinium seeds can be sown practically any time of year depending on climatic conditions but it is well to sow early enough that the plants are well established before winter. We sow the seeds in flats in well pulverized soil containing part peat moss or leaf mold and place in cool dark surroundings until germination takes place. Do not over water, just keep moist and the seeds should come

in 10 days or two weeks. Transplant into other flats as soon as second leaves are developed spacing about three inches apart. Plant out in garden after they are strong and fairly well developed. If the weather is warm and dry be careful to keep the newly set plants well watered. Delphiniums do not like wet soggy ground. They prefer an alkaline rather than an acid soil.

CONLEY'S BLOSSOM FARM---Box 386---Eugene, Oregon

PANSIES

Steele's Pansies have been grown as long as we have lived. To be exact, they were originated in Portland the year we were born (1893). That is a long time for a strain of flowers to exist and it could not have done so if it were not one of the best in existence. We offer several colors which can be used for ground cover or edgings in the daffodil and tulip beds. We are also offering the new Butterfly Hybrids as well as their Jumbo Mixed. These flowers can be had early in the spring if planted in July or the first of August and if kept picked, fertilized and watered will last the summer through. Many even live over the second year.

Jumbo Mixed. Many new and unique colors—pastel pinks, apricots, yellows, blues, brass tones, copper, purple and red. Extremely large flowers and fine substance. Excellent for cutting or garden decoration.

Butterfly Hybrids. The name denotes the form. These have been recently illustrated and described in leading flower magazines. The colors are mainly pastel in unbelievable combinations and forms—ruffled, fluted and marked with sun rays and blotches. The result of ten years of hand pollenization and selection by the originator—Mr. Donald M. Steele.

Moon Moth. Beautiful immense white with dark blue pencil markings from the center. Many showing a yellow blotch on lower petals. How effective they would be to carpet a bed of bright red tulips.

Pay Dirt. Largest golden yellow ever produced.

Madame Steele. Jumbo pansy of velvet violet shades offered for the first time.

Sea Blue. Intense blue pansy with dark blotch described in June Flower Grower. Perfect with yellow daffodils or one of our splendid yellow tulips.

Mlle. Irene. Shades of copper red, bronze red, and henna, some brilliant pure red tones. Fine for adding bright red in your garden. Plant with white hyacinths for something a little different in the early spring.

Price of any of above pansies:
100 seeds for 50c

Pansy seed can be started in flats or sown in specially provided spot in the garden. We like to prepare a place in the garden where the soil is very well pulverized and fairly humus. This can be obtained by first deep spading and then working into the upper layer leaf mold or decayed compost or peat moss. Make sure soil is free of weeds. After ground is raked smooth and in the best of friable condition water well. Spread sand over top to make a smooth even surface. Sow in drills or broadcast seeds, barely covering 1/16 of an inch with mixture of compost and peat moss. Spread a piece of burlap over the bed and keep moist with fine spray of water—never wet—but never let seeds dry out. As soon as seeds begin to sprout, about 8-10 days, take off burlap and as plants begin to grow sift a bit more humus over them and watch moisture constantly. Too much or too little is fatal. Plant where you want them to grow after they have about five or six leaves.

CONLEY'S BLOSSOM FARM---Box 386---Eugene, Oregon

SARGENTIAE. The true form of this interesting and beautiful white trumpet lily which bears stem bulbils on the axils of the leaves. True trumpet shape, somewhat longer than the Olympic Hybrids and flowering about two weeks later. Each 55c, 3 for \$1.50, 12 for \$5.50.

SPECIOSUM RUBRUM. Oregon grown. A specially selected virus free strain of this magnificent lily. With these healthy bulbs it is of easy culture, liking a well drained soil and light shade. The large recurved blossoms are light pink heavily dotted with crimson and showing a green midrib. Strong medium size bulb. Each \$1.00, 3 for \$2.75, 12 for \$10.00. Large bulbs, Each \$1.50, 3 for \$4.15, 12 for \$15.00.

REGAL
LILY

Last fall I ordered 12 large size Madonna lily bulbs, which were the finest I ever saw. Each produced two sturdy stalks, bearing from five to fourteen perfect bells and lasted surprisingly well.

*Mrs. W. F. K.,
Paragould, Ark.*

L. HENRYI

Mid Century Lilies

Through the very great courtesy of Mr. Jan de Graff of Oregon Bulb Farms we are privileged to offer a very limited number of these sensational new lilies. These lilies are the culmination of an enormous amount of work in hybridization and selection. From the thousands of hybrid lilies grown the following 10 have been selected not only for their beauty but also for their great vigor and endurance under adverse conditions. They are colorful and beautiful and very easily grown. For those interested in lily breeding they would be of tremendous value. These lilies have been featured in Home and Garden, The Flower Grower, The Home Garden and Sunset. Only a small number of these bulbs will be released this year and we will be grateful for reports on their performance.

TALISMAN. Up to 15 large nodding flowers with reflexed petals of orange-red spotted purple-black. Strong wiry stems to 6 ft. July flowering. Each \$1.25, 3 for \$3.50, 12 for \$12.50.

UPRIGHT FACING

PAGODA. Six to eight upright flowers on stems up to four feet. True orange-chrome or marigold-orange. Each \$1.75, 3 for \$5.00.

CAMPFIRE. Best red upright lily—rich fiery Indian-red and rather narrow pointed petals. Stem 3 ft. or more. Each \$2.50, 3 for \$7.25.

ENCHANTMENT (Patented). "Seems to be the most prolific, as well as the most beautiful of all the lilies that we have raised." An upright lily of excellent habit with many well formed flowers of a vivid nasturtium-red that blazes in the sun. A completely new type of vigorous, hardy, disease resistant lily. Each \$1.75, 3 for \$5.00.

BONANZA. Clear orange-yellow flowers of wonderful texture. Later than the others. 3 ft. or more high. Each \$2.50, 3 for \$7.25.

OUTWARD FACING

FIREFLAME. A short sturdy lily with broad heavy-textured petals of a solid mahogany-red slightly spotted black. As many as 8 flowers, beautifully arranged. Each \$2.50, 3 for \$7.25.

PARADE. Rich orange-yellow, heavily spotted with minute black or maroon dots, with a stripe of burnished gold down the center of each petal. The horizontal flowers have very wide petals and are well spaced with 12 to 15 on a stem. Each \$2.50, 3 for \$7.25.

SERENADE. Good clear orange flowers of fine proportions. Sturdy stems. 2 ft. high. Fine for front of border or as pot plant. Each \$1.75, 3 for \$5.00.

VAGABOND. Enormous blossoms of a distinct salmon-orange that lights up the garden. "In all our trials Vagabond received the highest scores." Each \$2.50, 3 for \$7.25.

VALENCIA. Soft orange to rich yellow with midrib of coppery gold. Mid-season. Very fine habit, placement and form, "Brilliant", "Clear" and "Sparkling". Each \$1.75, 3 for \$5.00.

COLLECTION OF MID CENTURY LILIES

1 each of the 10 varieties \$19.75

3 each of the 10 varieties \$56.50

L. SPECIOSUM RUBRUM

TENUIFOLIUM (Pumilium). Coral Lily. Brilliant coral-red recurving blossoms of waxy texture. As many as 20 flowers on a slender graceful stem with long narrow foliage. Very early flowering. The best lily for rock gardens. Plant 4 to 5 inches deep in light soil in full sun. Makes small bulb. Each 25c, 3 for 70c, 12 for \$2.50.

TESTACEUM (Nankeen Lily). Exquisite fragrant flowers of soft Nankeen yellow flushed apricot set off by bright orange anthers. Recurved blossoms of beautiful texture on strong stems up to 5 feet high. Related to L. Candidum, it thrives under the same conditions and treatment. Each 85c, 3 for \$2.35, 12 for \$8.50.

TIGRINUM SPLENDENS. A vigorous form of the old-fashioned tiger lily. Easily grown and very hardy. Makes a brilliant display of orange blossoms in August. Each 40c, 3 for \$1.10, 12 for \$4.00.

L. TENUIFOLIUM

BELLINGHAM HYBRID LILIES

Hardy Lily Collection

Seven beautiful varieties of easy culture and great dependability. They show wide diversity of form and color and will provide a delightful display over a long period.

BELLINGHAM HYBRIDS	MAXWILL

OLYMPIC HYBRIDS	SUNSET
HENRYI	TENUIFOLIUM

3 each (21 bulbs)	\$ 6.00
6 each (42 bulbs)	\$11.65
12 each (84 bulbs)	\$22.50

BELLINGHAM HYBRIDS

This beautiful strain is the result of many crosses of various West Coast native lilies. The original work was done by Dr. David C. Griffiths at Bellingham, Wash. As many as 20 of the beautiful flowers are ideally placed on the tall slender straight stems. The spikes have a light graceful appearance making it a desirable type for informal plantings and for cut flowers. When cut with the first flower open all the buds will open fresh and clear. The colors range from clear yellow through yellow-orange to bright orange-reds with scarlet tipped petals. These bulbs like a cool light soil in partial shade. For woodland planting they are unexcelled. Plant 5 inches deep where they can be left undisturbed for several years. **Each 45c, 3 for \$1.25, 12 for \$4.50.**

CENTIFOLIUM Olympic Hybrids

An exceptionally fine strain of hardy garden lilies. It is the result of the hybridization of many varieties and species with painstaking selection of progeny over many years. It is characterized by its extreme vigor and size, form, coloring and good placement of flowers. There is a pleasing variation in form, from the true regular trumpets to the widely opened bowl-shaped flowers. The color range includes creamy yellow, pinkish tones and icy green as well as pure white. The outside of the petals are delicately shaded with light green, greenish brown or soft wine tints. The flowering time is July and lasts about three weeks. These bulbs do equally well in full sun or in light shade. Plant about 6 inches deep in well drained soil. Our large strong bulbs make a fine display the first season and may be left undisturbed for several years. **Each 35c, 3 for \$1.00, 12 for \$3.50, 100 for \$23.75.**
